# FIRAT UNIVERSITY

ANNUAL REPORT OF THE ADMINISTRATION FOR THE YEAR 2023

PRESENTATION BY SENIOR

Our university has undertaken the mission of raising individuals who are qualified in the field of education and research, prioritise scientific and ethical values, continuously improve themselves in the professional field, take into account the expectations of their stakeholders, have a sense of social responsibility, and contribute to the development of our country by producing science, art and technology at national and international level. Our university tries to realise this mission with a quality perspective under the aims of increasing the quality of education, training and social life, improving scientific research activities, improving services for the society, strengthening the University public-private sector cooperation and institutional structure.

In today's world where globalisation is increasing rapidly and information is accessible, our University continues its education and training services with a structure that is suitable for the age, follows the change and development and takes it as a duty. Founded in 1967, Fırat University, one of the well-established universities of our country, aims to provide quality education to its students with a structure that changes and grows day by day and aims to educate them as individuals who respect human rights, are libertarian, and know how to compete with the developing world.

Our university to improve itself by renewing and updating its studies, focusing on internal and external stakeholders, without compromising the quality of education, research and health services.

Our University, which continues to increase its ranking in Turkey and the world in every field, has started a new era in the last month of 2021 by signing one of the most important achievements in its history. Our university has also been included in the list of "Research Universities" determined by the Council of Higher Education (YÖK), which includes the top 20 universities in Turkey.

With the 2023 Administrative Activity Report, the aims and objectives of our University, general activities to achieve its aims and objectivesbudget realisations and practices carried out are included within the framework of accountability and transparency principles.

Pursuant to the Public Financial Management and Control Law No. 5018 and the relevant legislation, I submit the University's 2023 Administrative Activity Report to the information of the public and relevant institutions and organisations.

Prof. Dr. Fahrettin GÖKTAŞ
Rector of Fırat University

CONTENTS

LIST OF TABLES

EXECUTIVE SUMMARY

Fırat University has been contributing to the world of science by producing knowledge at national and international level since 1975. Our university has 17 faculties, 4 institutes, 2 colleges, 1 State Conservatory, 9 vocational schools, 1 university hospital, 1 dental hospital, 1 animal hospital, 26 research centres and administrative units.

Within the scope of the Research-Oriented Mission Differentiation Programme by the Council of Higher Education (YÖK), our University was awarded the title of "Research University" in 2021 and to rise in national and international rankings this context.

* According to the results of URAP 2023 - 2024 World Ranking, Fırat University became the 10th best university in Turkey. Fırat University, which succeeded in entering the top 10 in Turkey ranking, ranked 1038th in the world ranking.

*The list of "The World's Most Influential Scientists" in the top 2% according to the citation year of 2022; It was listed in two categories as "Career-long impact" and "Annual impact (2022 studies)". In the list, 200,644 scientists in the top 2 per cent were ranked. While 1,202 faculty members from Turkey were included in the list, 49 faculty members from Fırat University were included in this list.

*According to the CWTS Leiden Ranking 2023 data, Fırat University ranked 14th in Turkey and 887th in the world among the best universities.

*In the 2023 World Universities Impact Ranking announced by Times Higher Education, Fırat University ranked in the range of 601-800 in the world ranking.

*Times Higher Education (THE), a UK-based higher education rating organisation, announced the '2023 Young Universities Ranking', which includes the world's best young universities aged 50 and under. Fırat University ranked 7th in Turkey in the ranking.

 * Within the scope of Erasmus, bilateral agreements have been made with 116 universities in 24 European countries.

* Within the scope of Mevlana, bilateral agreements have been made with 34 universities from 14 different countries.

* It is the 2nd university with the highest number of academic staff in Eastern and Southeastern Anatolia.

*129 undergraduate programmes in only 39 universities in Turkey were entitled to have the logos of Turkish Qualifications Framework (TQF) and European Qualifications Framework (EQF) on their diplomas.

* The Faculty of Pharmacy was established within Fırat University and the units related to education and R&D in the field of health were completed.

* Our university entitled to receive "Green Metric" certificate. The Greenest Campus ranked 244th in the world and 13th in Turkey.

* Fırat University ranked among the top 401-500 universities in the world in the field of Engineering and among the top 11 universities in our country. It also succeeded to be one of the top 7 State Universities in the field of Engineering.

* In terms of fields, the research.com website ranked Turkey 1st in Mechanical Engineering and Aeronautics, 102nd in the world, Turkey 1st in Veterinary Medicine, 266th in the world, Turkey 2nd in Mathematics, 311th in the world, Turkey 3rd in Biology and Biochemistry, 932nd in the world, Turkey 4th in Computer Science, 815th in the world and Turkey 7th in Materials Science, 715th in the world.

* US News & World Report, the US-based higher education rating agency and news magazine, announced the World's Best Universities 2023 ranking. Our university ranked 6th in Turkey in the field of Engineering and 581st in the world. Our university ranked 5th in the field of Engineering among State Universities.

* Our university ranked 16th in the "SIR 2023" ranking.

* According to the Webometrics Ranking, our University ranked 19th among Turkish Higher Education Institutions and 15th among State Universities with a great success.

* Our university was selected among the 8 Pilot Universities to take part in the "Big Data Project in Higher Education" by YÖK.

I - GENERAL INFORMATION

A- Mission and Vision

Mission

It is committed to academic, social and cultural development together with all its stakeholders, to produce knowledge and technology at international level, and to transform its products into social welfare.

Vision

To be a university that lives and lives with qualified knowledge, keeps justice above all else, and sets an example with its high quality standards.

Core Values

Quality Our university attaches importance to quality, internalisation and continuity of quality in education, research and administrative activities.

Transparency: Transparency and accountability in management activities, as well as maintaining a sense of trust between individuals and units are essential.

Commitment to Ethical Values: One of our core values is to fulfil our duties in line with our mission and objectives; to fulfil our duties fairly, honestly, respectfully and on time in accordance with ethical rules.

Participation In order to realise a quality and successful management, the participation of internal and external stakeholders is considered important in the execution of the activities.

Student Orientation: Our core values include conducting studies to continuously increase student satisfaction, involving students in decision-making processes, conducting student-centred education and ensuring continuous improvement with feedback from students.

Social Responsibility: It is one of the fundamental values of our University to fulfil our responsibilities on priority issues related to our province, our region and our country.

Sensitivity Fırat University is sensitive to the protection and development of human and moral values, fundamental rights and freedoms, and natural riches.

Efficiency It is one of our basic principles to continue our basic duties successfully and effectively, to carry out studies that will benefit the society and our stakeholders / to take part in such studies, to ensure the continuity and increase of the added value provided by our University.

B. Authorities, Duties and Responsibilities

Fırat University was established with the Law dated 11 April 1975 and numbered 1873. It has gained its present structure with the Laws numbered 2547, 2809, 3389 and 3337.

The Constitution of the Republic of Turkey and the Law No. 2547 on Higher Education stipulate that universities   Mission   and responsibilities are explained.   This one in scope

Duties of Higher Education Institutions:

✓ To provide education, scientific research, publication and consultancy at various levels based on secondary education in accordance with the needs of the society and the principles and objectives of development plans and in an order based on the principles of contemporary civilisation and education and training,

✓ To train manpower in the branches and numbers required by the country in line with the principles and objectives of the national education policy and development plans and the plans and programmes made by the Council of Higher Education by using its own expertise and material resources rationally, efficiently and economically,

✓ To disseminate scientific data through speech, writing and other means to raise the level of life of the Turkish society and to enlighten the public opinion,

✓ To educate the society through formal, non-formal, continuous and open education, especially in the fields of industrialisation and modernisation in agriculture,

✓ To make the problems concerning the scientific, cultural, social and economic progress and development of the country a subject of teaching and research in cooperation with other institutions, by making suggestions to public institutions, to present the results for the benefit of the society, and to report its opinions and suggestions by concluding the examinations and researches to be requested by public institutions,

✓ To take measures to contribute to the institutions undertaking formal, non-formal, continuous and open education services within the scope of education and training and mobilisation,

✓ Vocational qualifications appropriate to the development and needs of agriculture and industry in their region
To contribute the training of personnel and the development of their knowledge; to carry out, implement and participate in studies and programmes that will ensure modernisation and increase in production in industry, agriculture, health services and other services, to cooperate with related institutions and to proposals for solutions to environmental problems,

✓ To produce, develop, use and disseminate educational technology,

✓ To develop the principles of education and training related to the practical application of higher education, to establish revolving capital enterprises, to operate them efficiently and to make the necessary arrangements for the development of these activities.

C. Information on the Administration

Fırat University, which has a long-established history, started its educational activities in 1967 in Elazığ, which has a rich cultural life. In the following years, it has become a higher education institution that contributes significantly to the development of higher education in its region by opening higher education institutions in the provinces of Bingöl, Muş and Tunceli, especially in the districts of Elazığ, and in the Kemaliye district of Erzincan, as well as by training staff for universities with its postgraduate activities.

A Higher Technical School was first opened in Elazığ in 1967 and in the same year, the decision of the Ankara University Senate to establish a Faculty of Veterinary Medicine in Elazığ was approved by the Ministry of National Education.

The Higher Technical School was transformed into Elazığ State Engineering and Architecture Academy (EDMMA) in 1969 with the Law No. 1184, and the Faculty of Veterinary Medicine started education in 1970 as an affiliate of Ankara University.

"Fırat University" was established on 11 April 1975 in order to gather the higher education institutions in Elazığ under a single roof and started to operate within the framework of a structure consisting of Veterinary, Science and Literature Faculties. Law No. 2547 on Higher Education and 41 In Fırat University, which was restructured with the Decree Law numbered KHK, the Faculties of Science and Literature were merged and renamed as the Faculty of Science and Letters, and EDMMA was transformed into the Faculty of Engineering and joined the University in 1982.

Since this year, many faculties, institutes, colleges and vocational schools have been opened in Elazığ city centre, neighbouring provinces (Bingöl, Muş, Tunceli) and districts (Muş-Malazgirt, Erzincan-Kemaliye) under Fırat University, which strives to become a regional university.

As of 2023, there are 17 faculties, 2 colleges, a state conservatory, 9 vocational schools, 4 institutes, 26 research centres, a university hospital, a dentistry hospital, an animal hospital and administrative units within Fırat University.

1. Physical Structure

Our university carries out its activities in eight areas with the Rectorate, Engineering and Harput Campuses.

The Rectorate Campus consists of an area of 4.395.714 m^2 registered in the name of the Treasury and allocated to the University and 744.570 m^2 expropriated and registered in the name of the University.

5.140.284 m^2; The Engineering Campus was established on 876.658 m$^{(2)}$ of land owned by the treasury and allocated to the University. On the Harput Campus of 5.552.511 m^2 allocated to the University, education and research activities continue in the Faculty of Communication, Central Laboratory, Civil Aviation School Laboratories and Agriculture and Livestock Research Centre (TAHAM) where farmer trainings are also carried out. Agricultural activities to support the application studies of the Faculty of Veterinary Medicine are carried out on a 418.732 m$^{(2)}$ area of land in Yurtbaşı, and our University's Education and Recreation Facilities continue to serve on a 4.285 m^2 area in Sivrice Cevizdere.

2. Organisation Structure

A university is a higher education institution with scientific autonomy and public legal personality, consisting of faculties, institutes, colleges and similar institutions and units engaged in higher education, scientific research, publication and consultancy.

The academic organisation of Fırat University consists of faculties, institutes, colleges, conservatories, vocational schools, research and application centres and departments according to the Law No. 2809 on the Organisation of Higher Education Institutions.

The academic organs of the University are the Rector, the Senate and the University Administrative Board.

The first paragraph of paragraph (a) of Article 13 of Law No. 2547 reads as follows: "The Rector of state and foundation universities is appointed by the President of the Republic. In universities established by foundations, the Rector is appointed upon the proposal of the board of trustees. The Rector represents the legal entity of the university or institute of high technology."

Duties of the Rector:

✓ To chair the university boards, to implement the decisions of the higher education supreme institutions, to examine and decide on the proposals of the university boards and to ensure regular work among the institutions affiliated to the university,

- ✓ To inform the Interuniversity Council about the university's education, scientific research and publication activities at the end of each academic year and when necessary,
- ✓ To prepare the investment programmes, budget and staffing requirements of the university after receiving the opinions and suggestions of the affiliated units, the university board of directors and the senate, and to submit them to the Council of Higher Education,

- ✓ When deemed necessary, to change the positions of academic staff and other personnel in the institutions and units constituting the University or to assign new duties to them,
- ✓ To exercise general supervision and control over the units and personnel at all levels of the University.

Authorities and Responsibilities of the Rector:

The Rector is primarily authorised and responsible for the rational use and development of the teaching capacity of the University and its affiliated units, providing the necessary social services to the students, taking security measures when necessary, planning and carrying out education, training, scientific research and extension activities in line with the state development plan, principles and objectives, scientific and administrative supervision and control, transferring these duties to sub-units, monitoring and controlling and obtaining the results.

Pursuant to Article 11 of the Public Financial Management and Control Law No. 5018, the senior manager is responsible to the minister for the preparation and implementation of the strategic plans and budgets of the administration in accordance with the development plan, annual programmes, the strategic plan and performance targets of the institution and service requirements, ensuring the effective, economical and efficient acquisition and use of the resources under their responsibility, recording and preventing their misuse, supervising and monitoring the functioning of the financial management and control system and fulfilling the duties and responsibilities specified in this law. Top managers fulfil the requirements of this responsibility through expenditure authorities, financial services unit and internal auditors.

The Senate is chaired by the rector and consists of vice-rectors, deans, one faculty member from each faculty to be elected by the faculty boards for three years, and the directors of institutes, conservatories, colleges and vocational schools affiliated to the rectorate. The Senate functions as the academic body of the university.

Duties of the Senate:

✓ To take decisions on the principles of education, scientific research and publication activities of the University,

✓ To prepare draft laws and regulations concerning the whole university or to give opinions,

✓ To prepare the regulations related to the university or the units of the university, which will enter into force by being published in the Official Gazette after the approval of the Rector,

✓ To examine and decide on the annual education and training programme and calendar of the University,

✓ To award honorary academic titles that do not depend on an examination and to decide on the proposals of the faculty boards on this issue,

✓ To examine and decide on the objections to the decisions of the faculty boards and the boards of institutes and colleges affiliated to the rectorate,

✓ To elect members to the University Administrative Board.

The University Administrative Board consists of deans, three professors to be elected by the senate for four years to represent different education units and fields affiliated to the university under the chairmanship of the Rector. The University Board of Directors functions as an auxiliary body to the Rector in administrative activities.

Duties of the University Administrative Board:

✓ To assist the Rector in the implementation of the decisions of the higher education supreme institutions and the senate in line with the determined plans and programmes,

✓ To ensure the implementation of activity plans and programmes; to examine the investment programme and the draft budget, taking into account the proposals of the units affiliated to the university, and to submit it to the Rectorate together with its own proposals,

✓ To take decisions on matters related to the administration of the University to be brought by the Rector,

✓ To examine and finalise the objections to the decisions of the faculty, institute and college boards of directors.

Administrative bodies at faculty, institute and college level are explained below.

Faculty Organs; It consists of the Dean, Faculty Board and Faculty Administrative Board.

The Dean is elected by the Council of Higher Education from among three professors from within or outside the university to be recommended by the Rector for a period of three years and appointed by the normal procedure. Duties:

- ✓ To chair the faculty boards, to implement the decisions of the faculty boards and to ensure regular work among the faculty units,
- ✓ To report to the Rector about the general status and functioning of the faculty at the end of each academic year and when requested,
- ✓ To notify the Rectorate of the faculty's appropriation and staffing needs together with the justification, to submit the faculty budget to the Rectorate after receiving the opinion of the faculty board of directors,
- ✓ To exercise general supervision and control over the units of the Faculty and the personnel at all levels.

He/she is primarily responsible to the Rector for the rational use and development of the teaching capacity of the faculty and its affiliated units, taking security measures when necessary, providing the necessary social services of the students, carrying out education, training, scientific research and publication activities in a regular manner, supervising and supervising all activities, monitoring and controlling and taking the results.

Institute Bodies; It consists of the Institute Director, Institute Board and Institute Board of Directors.

School Bodies; It consists of the School Director, the School Board and the School Board of Directors.

School and Institute Director; The director of the institute and school is appointed by the Rector for three years. The director of the college and institute fulfils the duties assigned to the deans in terms of the college and institute.

According to the Public Financial Management and Control Law No. 5018, the dean, institute, college, conservatory and vocational school director is the expenditure authority in accordance with the provision "The top manager of each expenditure unit allocated with the budget is the expenditure authority." In Article 32 of the same Law, "Expenditure from the budgets is possible only after the expenditure authority gives expenditure instructions. Expenditure authorities are responsible for the compliance of their expenditure instructions with budget principles and principles, laws, by-laws and regulations and other legislation, for the effective, economic and efficient use of the appropriations and for other actions they are required to take within the framework of this law."

In the administrative organisation at universities, Article 51 titled "Management Organisations" of the Higher Education Law No. 2547 stipulates that there shall be a secretary general at the head of the central management organisation reporting to the Rector and that there shall be department heads, directors, consultants, legal advisors, experts, civil servants and other officials subject to the Civil Servants Law No. 657 to perform clerical and internal service duties; The principles regarding the establishment and duties of the administrative organisation to be established in higher education institutions according to the aforementioned article are regulated by the Decree Law No. 124 on the Administrative Organisation of Higher Education Superior Institutions and Higher Education Institutions and defined in the 7th section of the Decree Law No. 124.

The administrative administration of the Rectorate consists of the secretary general, deputy secretary general, heads of departments, directors, consultants, legal advisors, experts, civil servants subject to the Civil Servants Law No. 657 and other officials. Each faculty has a faculty secretary reporting to the dean; institutes and colleges have an institute or college secretary reporting to the director.

The administrative organisation of the University consists of the General Secretariat, the Internal Audit Unit, the Department of Information Processing, the Department of Administrative and Financial Affairs, the Department of Library and Documentation, the Department of Student Affairs, the Department of Personnel, the Department of Health, Culture and Sports, the Department of Strategy Development, the Department of Construction and Technical Affairs, the Office of Legal Counsellor and the Directorate of Revolving Fund Management.

Administrative units of universities are under the General Secretariat. The Secretary General is responsible to the Rector for the functioning of the administrative organisation of the university.

3. Technology and Informatics Infrastructure

Fırat University has a strong informatics infrastructure. Electronic Document Management System (EBYS), Registered Electronic Mail (KEP) for internal and external correspondences, Student Information System (OBS) for student affairs, Hospital Automation Systems for hospital operations, TTS for TÜBİTAK operations, Accounting Management System (MYS) and Public Information System (KBS) of the Ministry of Treasury and for accounting services, Public Information System (KBS) of the Presidency of Strategy and Budget for investments.
Investments (Ka-Ya) and e-budget, FÜBAP Automation for project supports, etc. Many web-based systems are used.

Central Authentication System (CAS) is used for access to all web-based services at our university. Thus, with a single user name and password, access to a large number of systems such as website management, e-mail, additional course fee automation, student information system, personnel information system, academic staff information system, FÜBAP automation, lodging request application system, etc. can be provided.

Within the scope of web services; the websites of all academic and administrative units are opened and used through the Content Management System managed by the Department of Information Technologies. In addition, domain/hosting/email services are provided upon request for activities such as conferences/panels/symposiums etc. Training and consultancy services are also provided to units for such websites.

Within the scope of e-mail services; e-mail service with unlimited storage space is provided to all our students, academic, administrative and other staff. As of 2015, within the scope of "google for education", everyone within the university is provided with an e-mail account using gmail infrastructure.

Firewall positioning, configuration and updating activities of all systems and computers used within our university against attacks, malware, unwanted e-mails, etc. from the internet environment, as well as the purchase and installation of antivirus software for viruses, etc. in these systems and computers.

VPN (Virtual Private Network) service is provided over the firewall so that all students and staff outside our university can access our university network and contracted databases.

Table 27 Software and Information Systems Used

Software / Information System Name	Intended Use	Using Unit
EBYS (Outsourced procurement)	Electronic Document Management System	All units at the university
EBYS Web Service (Outsourced procurement)	Electronic Document Management Web Service System	Department of Information Processing
Additional Course Fee Automation	Calculation of additional course fees of academic staff	All academic units
Institute Application System	Receiving online pre-applications for student admissions and making placements	All institutes
Faculty of Sports Sciences Special Talent Examination Application System	Receiving online pre-applications for student admissions, placements and providing information about students' exams online	Faculty of Sport Sciences
Academic Incentive Evaluation System	Evaluation of academic incentive applications and evaluation of academic staff to be done online	All academic units
Course Evaluation Questionnaire	According to the Faculty of Science and Technology Quality Directive, the courses given by academic staff are evaluated by the students. evaluation	All academic units
Conservatory Application System	Online pre-registration for student admissions to the department making applications	State Conservatoire
Meal Scholarship Online Application System	Online pre-application for food scholarships for underprivileged students	Health, Culture and Sports Department Presidency
Vocational School of Civil Aviation Air Traffic Control Department Online Application System	Making online pre-applications for student admissions to the department	Civil Aviation Vocational School Air Traffic Control Department
Faculty of Education Painting Department Online Application System	Making online pre-applications for student admissions to the department	Faculty of Education, Department of
Staff Report Card System	Department-based statistical information of Academic Units	All academic units
ÜYBS System	Evaluation of FIU performance for quality purposes	Members of the Faculty Quality Commission
Central Authentication System	Information provided by the university with a single user name and password authorisation controlled access to systems	All staff and students
Pedagogical Formation Education	Making online pre-applications for student admissions to the department	Faculty of Education Pedagogical Formation
Lodging/Housing Automation	Personnel's housing requests can be made through this system. and those who qualify are announced on this page.	All staff
SKS - Part Time Student System	Part-time work of students application is provided.	All Students
Academic Information System	Academic staff's personal and Obtaining YÖKSİS information	All academic staff

Digital Euphrates	For fast access to all software used within the university developed web application	All staff and students

5. Services Provided

5.1. Education Services

In the academic units operating within our university, students are offered education and training services in formal education, secondary education, distance education, summer school, international joint, master's and doctoral programmes with and without thesis.

FACULTY

FACULTY OF MEDICINE

After the publication of the Higher Education Law No. 2547, our faculty started its activities with 106 students in the 1983-1984 academic year according to Article 31 (a) of the Decree Law No. 41 on the Organisation of Higher Education Institutions. Our faculty currently has 3 Departments, 45 Main Departments and 37 Science Departments.

FACULTY OF MEDICINE

Approved on 14 April 1970, the Draft Staffing Law was published in the Official Gazette dated 22 April 1970 and numbered 13478. In the same year, the necessary preparations for education and training were completed and the Faculty of Veterinary Medicine was opened on 7 November 1970 with a ceremony attended by the Prime Minister of the period and some ministers. To date, 4894 veterinarians have graduated from our faculty, and these colleagues have made significant contributions to the development of our country's livestock sector with their successful work.

In 2023, for external practical training of our students; TJK, Slaughterhouses, Regular visits to farms, TAHAM, BANVITVeterinary Private Clinics realised. The activities of student clubs supported and a draft programme for elective courses was prepared. In addition, orientation programme and vaccination practices were carried out for new students.

OUR DEPARTMENTS
Food Hygiene and Technology Department
Department of Clinical Sciences
Department of Preclinical Sciences
Department of Basic Sciences
Department of Animal Husbandry and Animal Nutrition

FACULTY OF SCIENCE

Fırat University Faculty of Science was established on 01 April 1975 with the Law No. 1873. The first meeting of the Faculty of Science Board was held on 22.10.1975. In this meeting, it was decided to open the Departments of Biology, Physics, StatisticsChemistryMathematics, Earth Sciences and Astronomy in the Faculty of Science.

OUR DEPARTMENTS
Biology Department
Physics Department
Department of Statistics
Department of Chemistry
Department of Mathematics

FACULTY OF

In accordance with the Decree of the Council of Ministers No. 2010/175, which entered into force after being published in the Official Gazette dated 11 March 2010 and numbered 27518, the Faculty of Science and Letters within our University was closed and the Faculty of Science and the Faculty of Humanities and Social Sciences were established instead. The name of our faculty was changed to Human and Social Sciences with the Presidential Decree published in the Official Gazette dated 24 January 2024 and numbered 32439.

OUR DEPARTMENTS
Department of Western Languages and Literature
Department of Geography
Department of Contemporary Turkish Dialects and Literatures
Department of Oriental Languages and Literatures
Department of English Translation and Interpreting
Translation and Interpreting Department
Psychology Department
Art History Department
Department of Sociology
History Department
Department of Turkish Language and Literature

FACULTY OF

"Elazığ Higher Technical School", which was established in 1966-1967 academic year with two departments (Civil and Mechanical Engineering), was transformed into "Elazığ State Engineering and Architecture Academy" (EDMMA) in 1969. EDMMA gave its first graduates at the end of 1970- 1971 academic year. In 1982, with the Higher Education Law No. 2547, EDMMA was incorporated into Fırat University and named Faculty of Engineering. Currently, Computer, Bioengineering, Environmental, Electrical-Electronics, Civil, Geological, Chemical, Mechanical, Mechatronics, Metallurgy-Materials and Software Engineering departments are actively continuing their education in our faculty.

OUR DEPARTMENTS
Department of Computer Engineering
Department of Bioengineering
Department of Environmental Engineering
Department of Electrical and Electronics Engineering
Civil Engineering Department
Geological Engineering Department
Department of Chemical Engineering
Department of Mechanical Engineering
Mechatronics Engineering Department
Department of Metallurgical and Materials Engineering
Software Engineering Department

FACULTY OF

The studies on the establishment of our faculty date back to 1976. In 1976, it was decided to open the Faculty of Fisheries with a decision taken by Fırat University. The Faculty of Fisheries, which was decided to be opened in line with this decision, was transformed into the School of Fisheries with the Decree Law No. 41 dated 22.06.1982 and into the Faculty of Fisheries with the Law No. 3837 on 11.07.1992.

OUR DEPARTMENTS
Department of Fisheries Technology
Aquaculture and Processing Technology Department
Department of Aquaculture Basic Sciences
Aquaculture Department

FACULTY OF

With the decision of the Council of Ministers dated 02.11.2009 and numbered 2009/15546, our faculty, which has stopped accepting students since 2010, still continues its education and training activities in the first education.

OUR DEPARTMENTS
Department of Electrical Education
Department of Electronics and Computer Education
Department of Machine Education
Metal Education Department
Building Education Department

FACULTY OF

The Faculty of Technology within our university was established with the Decree of the Council of Ministers No. 2009/15546 published in the Official Gazette dated 13.11.2009.

Fırat University Faculty of Technology makes significant contributions to meet the need for technical staff in our country with its departments of Forensic Informatics, Electrical and Electronics Engineering, Energy Systems Engineering, Civil Engineering, Mechanical EngineeringMechatronics EngineeringMetallurgical and Materials EngineeringAutomotive Engineering and Software Engineering in accordance with the objectives and basic principles stipulated in the Higher Education Law No. 2547, The university investigates solutions to the problems encountered in engineering applications through research activities carried out in the departments, guides technical and scientific developments in engineering fields through conferences, seminars and symposiums, carries out postgraduate level teaching activities in order to meet the faculty member deficit that will be needed in the future, and also helps the local people by taking into account the demands from the region.

OUR DEPARTMENTS
Forensic Informatics Engineering
Electrical and Electronic Engineering
Energy Systems Engineering
Civil Engineering
Mechanical Engineering
Mechatronics Engineering
Metallurgical and Materials Engineering
Automotive Engineering
UOLP Software Engineering
Software Engineering

FACULTY OF

The establishment of the Faculty of Education was decided by the Council of Ministers on 09.09.1997 upon the letter of the Ministry of National Education dated 22.08.1997 and numbered 22354, according to the additional article 30 of the Law dated 28.03.1983 and numbered 2809 (Decision Number: 97/9930) and this decision was published in the Official Gazette numbered 23115 on 19.09.1997.

OUR DEPARTMENTS
Department of Computer Education and Instructional Technology
Department of Educational Sciences
Fine Arts Education Department
Department of Mathematics and Science Education
Basic Education Department
Department of Turkish and Social Sciences Education
Department of Foreign Languages Education

FACULTY OF

03.07.1993 dated and 3837 numbered Law No. Fırat University Faculty of Theology, which was decided to be established by Law No. 3837, was accepted to be put into operation in accordance with Article 6 of Law No. 2809 at the meeting of the Executive Board of the Council of Higher Education dated 14.02.1994 and the Faculty of Theology was actually put into operation with the appointment of the dean by the Council of Higher Education on 21.07.1994. In the 2010-2011 academic year, dual education was started in our faculty and Arabic Preparatory Class was opened. In the 2011-2012 academic year, the Bachelor of Theology Completion Programme (ILITAM) was started within the scope of Distance Education.

OUR DEPARTMENTS
Department of Philosophy and Religious Sciences
Department of Islamic History and Arts
Department of Basic Islamic Sciences

FACULTY OF ECONOMICS AND

Faculty of Economics and Administrative Sciences was established with the Decree of the Council of Ministers dated 15.02.2009.

The Faculty of Economics and Administrative Sciences, which is an important unit of our university, struggles to rise to a respected and prestigious position in the national and international arena by continuing to compete with other universities in its own region, in its country and in the international arena. In order to achieve a respectable and strong position, it is almost inevitable to gain an entrepreneurial university and faculty identity. Especially our faculty is making an intensive effort institutionalise and perpetuate this mission.

OUR DEPARTMENTS
Department of Labour Economics and Industrial Relations
Department of Economics
Department of Business Administration
Department of Finance
Department of Health Management
Department of Political Science and Public Administration
Social Work Department
Management Information Systems

FACULTY OF

Fırat University Faculty of Communication was established with the97/9930 of the Decree of the Council of Ministers dated 19.09.1997 and 23115 published in the Official Gazette. The Faculty of Communication started its activities in the 2001-2002 academic year; with the opening of the Department of Journalism in the 2013-2014 academic year and the Department of Visual Communication in the 2019-2020 academic year, it aimed to provide education in the field of communication on a wider scale. With the allocation of an independent building to our faculty and the elimination of teaching staff deficiencies, our faculty has been developing rapidly and continues to serve in its new building in Harput Campus since the 2015-2016 academic year.

OUR DEPARTMENTS
Department of Journalism
Department of Visual Communication and Design
Public Relations and Publicity Department
Radio TV and Cinema Department

FACULTY OF

The establishment of the Faculty of Architecture was decided by the Council of Ministers dated 26.09.2011 and numbered 2011/2276 according to the additional article 30 of the Law dated 28.03.1983 and numbered 2809, and the faculty was established with the publication of the decision in the Official Gazette dated 24 October 2011 and numbered 28094.

OUR DEPARTMENTS
Department of Industrial Design
Architecture Department
Department of Architecture
City and Regional Planning Department

FACULTY OF

Upon the decision of the Council of Ministers numbered 2013/5534 and the letter of the Ministry of National Education dated 11.09.2013 and numbered 2416916, it was decided to open our faculty on 07.10.2013 by the Council of Ministers according to the additional article 30 of the Law dated 28.03.1983 and numbered 2809.

Our faculty continues education and training, phantom and preclinical laboratories and student laboratory applications in a closed area of approximately 2000 m ^{2} in the annex building of the Dean's Office of the Faculty of Medicine, and also provides preventive services and treatment services with the Oral and Dental Health Centre.

MAIN SCIENCE OUR BRANCHES
Oral and Maxillofacial Surgery
Oral and Maxillofacial Radiology
Paediatric Dentistry
Endodontics
Orthodontics
Periodontology
Prosthodontics
Restorative Dental Treatment

FACULTY OF PHARMACY

Our faculty, Law No. 2547 No. 2809 Higher Education Institutions
It was established by the Presidential Decree dated 07 March 2022 and numbered 5259 in accordance with the additional article 30 of the Organisation Law and started education with 53 students in the 2023-2024 academic year.

FACULTY OF SPORT

The Faculty of Sports Sciences, as a department affiliated to the Faculty of Arts and Sciences within Fırat University, started its education and training life in 1992 under the name of "Physical Education and Sports Department". The first graduates in 1995-1996 academic year in 1997. In 1997, with the Decree of the Council of Ministers published in the Official Gazette No. 23039, Article 6 of Law No. 2809 of the Council Higher Education
In accordance with the decision of the Council of Ministers numbered 2014/6728 published in the Official Gazette dated 26 August 2014 and numbered 29100, the School of Physical Education and Sports was reorganised as the Faculty of Sports Sciences.

OUR DEPARTMENTS
Coaching Education Department
Department of Physical Education and Sports Teaching
Recreation Department
Department of Sport Management

FACULTY OF HEALTH

Elazığ School of Health was established in 1996 with the decision of the Council of Ministers dated 10.10.1996 and numbered 96/8655. Upon the proposal of the Senate of our university, the transformation of Elazığ School of Health into the Faculty of Health Sciences was deemed appropriate with the decision taken at the General Assembly of Higher Education meeting dated 12.02.2015.

OUR DEPARTMENTS
Department of Nutrition and Dietetics
Midwifery Department
Physiotherapy and Rehabilitation Department
Department of Nursing

HIGH SCHOOLS

STATE CONSERVATOIRE

FÜ State Conservatory started education in 2001-2002. The name of the Department of Basic Sciences of Turkish Music, which was first opened within the State Conservatory of Fırat University, was changed as the Department of Basic Sciences by the Executive Board of Higher Education on 07.01.2009, and it was decided to establish two departments within this department, namely Turkish Folk Music Department and Turkish Art Music Department. Again, with the decision of the Executive Board of Higher Education dated 12.08.2009, the Department of Folk Dances was opened within our conservatory and thus the number of departments increased to two.

SCHOOL OF FOREIGN

Fırat University School of Foreign Languages, which was decided to be established with the decision of the Council of Ministers dated 4.4.2011 and numbered 1595 according to the additional article 30 of the Law dated 28.03.1983 and numbered 2809, started its activities in the 2010/2011 academic year.

SCHOOL OF

Founded on 05.02.2013 with the Decree of the Council of Ministers dated 05.02.2013 and numbered 2014/5930, our School of Higher Education continues its education and training in Elazığ Central University Neighbourhood Engineering Campus and Harput Campus. It has Aircraft Maintenance and Repair Department, Air Traffic Control Department and Aviation Electricity and Electronics Department.

INSTITUTES

INSTITUTE OF HEALTH

Fırat University Institute of Health Sciences was established with the Higher Education Law No. 2547 and started education and training in 1982-1983 academic year. Within the body of our Institute, which is an important educational institution in terms of scientific research and knowledge production in the field of health sciences, master and doctorate education and training services are provided to 42 main disciplines in Nutrition Sciences, Medicine, Veterinary Medicine, Dentistry, Nursing, Physical Education and Sports programmes, 1 of which is interdisciplinary.

INSTITUTE SCIENCE

Our Institute was established on 20 February 1983 in accordance with the Law No. 2547 and the Law on the Organisation of Higher Education Institutions. Our institute aims to be a complete postgraduate education institution that trains researchers and scientists by providing modern and world-class education to young people who have completed their undergraduate education in the field of science.

INSTITUTE OF SOCIAL

The Institute of Social Sciences was established on 20 February 1983 in accordance with Law No. 2547. Our Institute aims to be a complete postgraduate education institution that trains researchers and scientists by providing contemporary and world-class education to young people who have completed their undergraduate education in the field of social sciences.

INSTITUTE OF

Fırat University Institute of Educational Sciences was opened on 15 April 2011. In our institute, by using all the opportunities of modern education, we try to provide education to our students at a level that will compete with other universities in national and international arena.

VOCATIONAL SCHOOL OF SOCIAL SCIENCES

Our Vocational School started its education and training services within Elazığ Vocational School in the 1986-1987 academic year in accordance with Article 7/a-2 of Law No. 2547 numbered 2880, but with the letters of the Presidency of the Council of Higher Education dated 27.11.1990 and numbered 4836-20705, Elazığ Vocational School was divided into two as Technical Sciences and Social Sciences Vocational School and our school continued its education and training services under the name of Social Sciences Vocational School.

VOCATIONAL SCHOOL OF

Our Vocational School started education in 1986-1987 academic year under the name of Elazığ Vocational School with 3 programmes: Secretarial Programme, Computer Programme and Nursing Programme. At the beginning of 1993, our Vocational School was renamed as Vocational School of Technical Sciences and Vocational School of Social Sciences by the Presidency of the Council of Higher Education.

It is divided into two separate vocational schools under the name of Higher School.

KEBAN VOCATIONAL SCHOOL

Our School of Higher Education was established on 01.01.1991 with the letter of the Presidency of the Council of Higher Education dated 25.12.1990 and numbered 24464, with the transfer of the Silver Lead Facilities belonging to Etibank General Directorate Keban Mineral Exploration Directorate to Fırat University with the condition of being used in education and training with a protocol. In accordance with the decision of Fırat University Senate dated 02.12.1991 and numbered 10-a-b-e, after the transfer of the Aquaculture Programme within Elazığ Vocational School to our Vocational School, it started education and training with the admission of students to Mining and HEPP programmes.

VOCATIONAL SCHOOL

Our Vocational School started its service with Poultry Breeding Programme in 1995-1996 academic year. In the 1996-1997 academic year, it expanded its area by opening Beekeeping, Tourism and Hotel Management and Map and Cadastre Programmes.

The number of programmes reached 7 with the opening of the Dairy Animal Husbandry Programme in 2001-2002 academic year and the Horse Coaching and Equine Management Programmes in 2007-2008 academic year. However, in the 2008-2009 academic year, the names of some of our programmes were changed and some programmes were merged by YÖK. Our Vocational School provides education in five departments: Department of Architecture and Urban Planning, Department of Crop and Animal Production, Department of Hotel, Restaurant and Catering Services, Department of Veterinary Medicine, Department of Travel, Tourism and Entertainment Services.

ELAZIĞ VOCATIONAL SCHOOL

With the decision dated 13.01.1995 and numbered 39 of the Senate Decision dated 06.02.1995, it was decided to establish Elazığ Organised Industrial Zone Vocational School in Maden district in accordance with Article 7/d-2 of Law No. 2547 amended by Law No. 2880. In the following years, due to the decrease in the number of students, our Vocational School was moved to Sivrice Vocational School. In 2004, due to the earthquake that occurred in Elazığ/Sivrice district, the Vocational School building was damaged and it was not deemed appropriate to carry out education and training, and our school continued its education and training activities in Elazığ Health School building between 2004-2010. In 2010, our Vocational School moved to the building allocated with the protocol made with the management of Elazığ Organised Industrial Zone and started to continue its education and training activities in Elazığ Organised Industrial Zone.

Our Vocational School examined its current position and the demands of the Elazığ Organised Industrial Zone management at the Higher Education Council meeting dated 01.03.2013 and numbered 1927, and accepted the change of the name of our Vocational School of Maden to Elazığ Organised Industrial Zone Vocational School in accordance with Articles 7/d-2 and 7/h of Law No. 2547 amended by Law No. 2880. In 2016, our Vocational School moved to the newly built annex building in Elazığ Organised Industrial Zone and continues its education and training activities.

KARAKOCAN VOCATIONAL SCHOOL

Karakoçan Vocational School was established with the decision of the Higher Education Council dated 22.06.2010 and numbered 3041-020955. With the establishment of the building and laboratories of our Vocational School in Karakoçan district, students were provided with more suitable conditions for their lessons.

KOVANCILAR VOCATIONAL SCHOOL

Fırat University Kovancılar Vocational School was established in Kovancılar district with the decision of the Higher Education Council dated 22.06.2010 and numbered 3041-020955.

VOCATIONAL SCHOOL OF HEALTH

Fırat University Vocational School of Health Services was established with the decision of the Higher Education Council dated 07.05.1990 and numbered 2194 in order to carry out education and training activities at associate degree level related to the field of health.

SCHOOL

It was decided to establish our Vocational School with the letter of the Presidency of the Council of Higher Education dated 29.03.2011 and numbered 013683, and with the session decision of the Presidency of the Council of Higher Education dated 20.04.2012 and numbered 17775, our Vocational School has reached its present structure. Baskil Vocational School moved to its new building, which was completed on the land allocated to our University in 2017.

	Metallurgical and Materials Engineering (MTOK)	Metallurgical and Materials Engineering (MTOK)
	Automotive Engineering	Automotive Engineering

	Automotive Engineering	Automotive Engineering (P.E.)
	Software Engineering	Software Engineering
	Software Engineering	Software Engineering (P.E.)
	Software Engineering (MTOK)	Software Engineering (MTOK)
	Software Engineering (MTOK)	Software Engineering (MTOK) (P.S.)
	Software Engineering (UOLP)	Software Engineering(UOLP)
Faculty of Medicine	Medicine	Medicine
Faculty of Veterinary Medicine	Veterinarian	Veterinarian

Table 53 Active Master's and Doctoral Programmes

INSTITUTE	SECTION	PROGRAMME
Institute of Educational Sciences	Computer Education and Instructional Technology	Computer Education and Instructional Technology (PhD)
Institute of Educational Sciences	Computer Education and Instructional Technology	Computer and Instructional Technologies (MA with thesis)*-1
Institute of Educational Sciences	Computer Education and Instructional Technology	Educational Technology (Distance Education) (Non-thesis MA)
Institute of Educational Sciences	Education Sciences	Curriculum and Instruction (Distance Education) (Master's Degree without Thesis)
Institute of Educational Sciences	Education Sciences	Curriculum and Instruction (PhD)*
Institute of Educational Sciences	Education Sciences	Curriculum and Instruction (Master's Degree with Thesis)
Institute of Educational Sciences	Education Sciences	Curriculum and Instruction (Non-thesis Second Cycle)*
Institute of Educational Sciences	Education Sciences	Educational Administration (Distance Education) (Non-thesis MA)
Institute of Educational Sciences	Education Sciences	Educational Administration (Doctorate)
Institute of Educational Sciences	Education Sciences	Educational Administration (Master's Degree with Thesis)
Institute of Educational Sciences	Education Sciences	Educational Administration (Non-thesis II. Education)*
Institute of Educational Sciences	Mathematics and Science Education	Science Education (PhD)
Institute of Educational Sciences	Mathematics and Science Education	Science Education Master's Degree with Thesis)
Institute of Educational Sciences	Mathematics and Science Education	Primary Mathematics Education (Master's Degree with Thesis)
Institute of Educational Sciences	Mathematics and Science Education	Mathematics Education (Non-thesis Second Cycle)

Institute of Educational Sciences	Department of Basic Education	Classroom Education Master's Degree with Thesis)
Institute of Educational Sciences	Turkish and Social Sciences Education	Social Studies Education (PhD)
Institute of Educational Sciences	Turkish and Social Sciences Education	Social Studies Education Master's Degree with Thesis)
Institute of Educational Sciences	Turkish and Social Sciences Education	Turkish Education (PhD)
Institute of Educational Sciences	Turkish and Social Sciences Education	Turkish Education Master's Degree with Thesis)
Institute of Science and Technology	Forensic Informatics Engineering	Forensic Informatics Engineering (PhD)
Institute of Science and Technology	Forensic Informatics Engineering	Forensic Informatics Engineering (MSc with Thesis)
Institute of Science and Technology	Computer Engineering	Computer Engineering (MSc)
Institute of Science and Technology	Computer Engineering	Hardware (PhD)
Institute of Science and Technology	Computer Engineering	Hardware (MSc with Thesis)
Institute of Science and Technology	Computer Engineering	Theoretical Foundations (PhD)
Institute of Science and Technology	Computer Engineering	Theoretical Foundations (MA with thesis)
Institute of Science and Technology	Computer Engineering	Software (PhD)
Institute of Science and Technology	Computer Engineering	Software (Master's Degree with Thesis)
Institute of Science and Technology	Biology	Biology (PhD)
Institute of Science and Technology	Biology	Biology (MA)
Institute of Science and Technology	Biology	Botany (PhD)
Institute of Science and Technology	Biology	Botany (MA with thesis)
Institute of Science and Technology	Biology	General Biology (PhD)
Institute of Science and Technology	Biology	General Biology (MSc with Thesis)
Institute of Science and Technology	Biology	Molecular Biology (PhD)
Institute of Science and Technology	Biology	Molecular Biology (MSc with Thesis)
Institute of Science and Technology	Biology	Zoology (PhD)
Institute of Science and Technology	Biology	Zoology (MA with thesis)
Institute of Science and Technology	Bioengineering	Bioengineering (PhD)
Institute of Science and Technology	Bioengineering	Bioengineering (MSc with Thesis)
Institute of Science and Technology	Biotechnology	Biotechnology (MSc with Thesis)
Institute of Science and Technology	Environmental Engineering	Environmental Sciences (PhD)
Institute of Science and Technology	Environmental Engineering	Environmental Sciences (MSc with Thesis)
Institute of Science and Technology	Environmental Engineering	Environmental Engineering (MSc)
Institute of Science and Technology	Environmental Engineering	Environmental Technology (PhD)
Institute of Science and Technology	Environmental Engineering	Environmental Technology (MSc with Thesis)
Institute of Science and Technology	Ecocommunications	Ecocommunication (MA with thesis)

Institute of Science and Technology	Electricity Education	Electrical Education (MA)
Institute of Science and Technology	Electrical and Electronics Engineering	Circuits and Systems (PhD)
Institute of Science and Technology	Electrical and Electronics Engineering	Circuits and Systems (MSc with Thesis)
Institute of Science and Technology	Electrical and Electronics Engineering	Electrical Machines (PhD)
Institute of Science and Technology	Electrical and Electronics Engineering	Electrical Machines (MSc with thesis)*
Institute of Science and Technology	Electrical and Electronics Engineering	Electrical Installations (PhD)
Institute of Science and Technology	Electrical and Electronics Engineering	Electrical Installations (MSc with Thesis)
Institute of Science and Technology	Electrical and Electronics Engineering	Electronics (PhD)
Institute of Science and Technology	Electrical and Electronics Engineering	Electronics (Master's Degree with Thesis)
Institute of Science and Technology	Electrical and Electronics Engineering	Telecommunication (PhD)
Institute of Science and Technology	Electrical and Electronics Engineering	Telecommunication (MA with thesis)
Institute of Science and Technology	Electrical and Electronics Engineering Technologies	Circuits and Systems (MSc with Thesis)
Institute of Science and Technology	Electrical and Electronics Engineering Technologies	Electrical Machines (PhD)
Institute of Science and Technology	Electrical and Electronics Engineering Technologies	Electrical Machines (MSc with Thesis)
Institute of Science and Technology	Electrical and Electronics Engineering Technologies	Electrical Installations (PhD)
Institute of Science and Technology	Electrical and Electronics Engineering Technologies	Electrical Installations (MSc with Thesis)
Institute of Science and Technology	Electrical and Electronics Engineering Technologies	Electronics (PhD)
Institute of Science and Technology	Electrical and Electronics Engineering Technologies	Electronics (Master's Degree with Thesis)
Institute of Science and Technology	Electrical and Electronics Engineering Technologies	Control and Command Systems (PhD)
Institute of Science and Technology	Electrical and Electronics Engineering Technologies	Control and Command Systems (MSc with Thesis)
Institute of Science and Technology	Electrical and Electronics Engineering Technologies	Telecommunication (PhD)
Institute of Science and Technology	Electrical and Electronics Engineering Technologies	Telecommunication (MA with thesis)
Institute of Science and Technology	Electronics and Computer Education	Computer Systems (Master's Degree with Thesis)
Institute of Science and Technology	Electronics and Computer Education	Control Education (MA with thesis)
Institute of Science and Technology	Electronics and Computer Education	Telecommunication Education (MA with Thesis)
Institute of Science and Technology	Energy Systems Engineering	Energy Planning and Efficiency (PhD)
Institute of Science and Technology	Energy Systems Engineering	Energy Planning and Efficiency (MSc with Thesis)
Institute of Science and Technology	Energy Systems Engineering	Energy Systems Engineering (MSc)
Institute of Science and Technology	Energy Systems Engineering	Heat Technique (PhD)
Institute of Science and Technology	Energy Systems Engineering	Heat Technique (MSc with Thesis)

Institute of Science and Technology	Energy Systems Engineering	Fuels and Combustion Technologies (MSc with Thesis)
Institute of Science and Technology	Energy Systems Engineering	Renewable Energy Systems (PhD)
Institute of Science and Technology	Energy Systems Engineering	Renewable Energy Systems(MA with Thesis)
Institute of Science and Technology	Physics	Atomic and Molecular Physics (PhD)
Institute of Science and Technology	Physics	Atomic and Molecular Physics (MSc with Thesis)
Institute of Science and Technology	Physics	Physics (PhD)
Institute of Science and Technology	Physics	General Physics (PhD)
Institute of Science and Technology	Physics	General Physics (MSc with Thesis)
Institute of Science and Technology	Physics	Solid State Physics (PhD)
Institute of Science and Technology	Physics	Solid State Physics (MSc with Thesis)
Institute of Science and Technology	Physics	Nuclear Physics (PhD)
Institute of Science and Technology	Physics	Nuclear Physics (MSc with Thesis)
Institute of Science and Technology	Physics	High Energy and Plasma Physics (PhD)
Institute of Science and Technology	Physics	High Energy and Plasma Physics (MSc with Thesis)
Institute of Science and Technology	Aviation Science and Technology	Aviation Science and Technologies (MSc with Thesis)
Institute of Science and Technology	Civil Engineering	Geotechnics (PhD)
Institute of Science and Technology	Civil Engineering	Geotechnics (MSc with Thesis)
Institute of Science and Technology	Civil Engineering	Hydraulics (PhD)
Institute of Science and Technology	Civil Engineering	Hydraulics (MSc with Thesis)
Institute of Science and Technology	Civil Engineering	Civil Engineering (PhD)
Institute of Science and Technology	Civil Engineering	Mechanics (PhD)
Institute of Science and Technology	Civil Engineering	Mechanics (MSc with Thesis)
Institute of Science and Technology	Civil Engineering	Transport (PhD)
Institute of Science and Technology	Civil Engineering	Transport (MSc with Thesis)
Institute of Science and Technology	Civil Engineering	Structure (PhD)
Institute of Science and Technology	Civil Engineering	Building (MA with Thesis)
Institute of Science and Technology	Civil Engineering Technologies Programme	Geotechnics (PhD)
Institute of Science and Technology	Civil Engineering Technologies Programme	Geotechnics (MSc with Thesis)
Institute of Science and Technology	Civil Engineering Technologies Programme	Hydraulics (PhD)
Institute of Science and Technology	Civil Engineering Technologies Programme	Hydraulics (MSc with Thesis)
Institute of Science and Technology	Civil Engineering Technologies Programme	Civil Engineering Technologies (MSc)

Institute of Science and Technology	Civil Engineering Technologies Programme	Mechanics (PhD)
Institute of Science and Technology	Civil Engineering Technologies Programme	Mechanics (MSc with Thesis)
Institute of Science and Technology	Civil Engineering Technologies Programme	Transport (MSc with Thesis)
Institute of Science and Technology	Civil Engineering Technologies Programme	Building Materials (PhD)
Institute of Science and Technology	Civil Engineering Technologies Programme	Building Materials (MSc with Thesis)
Institute of Science and Technology	Civil Engineering Technologies Programme	Structure (PhD)
Institute of Science and Technology	Civil Engineering Technologies Programme	Building (MA with thesis)
Institute of Science and Technology	Statistics	Statistical Theory (PhD)
Institute of Science and Technology	Statistics	Statistical Information Systems (PhD)
Institute of Science and Technology	Statistics	Statistical Information Systems MSc with Thesis)
Institute of Science and Technology	Statistics	Probability Theory and Probability Processes (PhD)
Institute of Science and Technology	Statistics	Risk Analysis (MSc with Thesis)
Institute of Science and Technology	Statistics	Applied Statistics (PhD)
Institute of Science and Technology	Statistics	Applied Statistics MA with Thesis)
Institute of Science and Technology	Statistics	Operations Research (PhD)
Institute of Science and Technology	Statistics	Operations Research (MSc with Thesis)
Institute of Science and Technology	and Engineering Management	and Engineering Management MSc with Thesis)
Institute of Science and Technology	Geodesy and Geographic Information Technologies	Geodesy and Geographic Information Technologies (MSc with Thesis)
Institute of Science and Technology	Geological Engineering	General Geology (PhD)
Institute of Science and Technology	Geological Engineering	General Geology (MSc with Thesis)
Institute of Science and Technology	Geological Engineering	Mineral Deposits and Geochemistry (PhD)
Institute of Science and Technology	Geological Engineering	Mineral Deposits and Geochemistry (MSc with thesis)
Institute of Science and Technology	Geological Engineering	Mineralogy-Petrography (PhD)
Institute of Science and Technology	Geological Engineering	Mineralogy-Petrography (MA with thesis)
Institute of Science and Technology	Geological Engineering	Applied Geology (PhD)
Institute of Science and Technology	Geological Engineering	Applied Geology (MSc with Thesis)
Institute of Science and Technology	Chemistry	Analytical Chemistry (PhD)
Institute of Science and Technology	Chemistry	Analytical Chemistry (MSc with Thesis)
Institute of Science and Technology	Chemistry	Inorganic Chemistry (PhD)
Institute of Science and Technology	Chemistry	Inorganic Chemistry (MSc with Thesis)
Institute of Science and Technology	Chemistry	Biochemistry (PhD)

Institute of Science and Technology	Chemistry	Biochemistry (MSc with Thesis)
Institute of Science and Technology	Chemistry	Physical Chemistry (PhD)
Institute of Science and Technology	Chemistry	Physical Chemistry (MSc with Thesis)
Institute of Science and Technology	Chemistry	Chemistry (PhD)
Institute of Science and Technology	Chemistry	Organic Chemistry (MSc with Thesis)
Institute of Science and Technology	Chemical Engineering	Chemical Technologies (PhD)
Institute of Science and Technology	Chemical Engineering	Chemical Technologies (MSc with Thesis)
Institute of Science and Technology	Chemical Engineering	Process and Reactor Design (PhD)
Institute of Science and Technology	Chemical Engineering	Process and Reactor Design (MSc with Thesis)
Institute of Science and Technology	Chemical Engineering	Fundamental Processes and Thermodynamics (PhD)
Institute of Science and Technology	Chemical Engineering	Fundamental Processes and Thermodynamics (MSc with Thesis)
Institute of Science and Technology	Machine Training	Energy Education (PhD)
Institute of Science and Technology	Machine Training	Energy Education (MA with thesis)
Institute of Science and Technology	Mechanical Engineering	Energy (PhD)
Institute of Science and Technology	Mechanical Engineering	Energy (MSc with Thesis)
Institute of Science and Technology	Mechanical Engineering	Construction and Manufacturing (PhD)
Institute of Science and Technology	Mechanical Engineering	Construction and Manufacturing MSc with Thesis)
Institute of Science and Technology	Mechanical Engineering	Machine Theory and Dynamics (PhD)
Institute of Science and Technology	Mechanical Engineering	Machine Theory and Dynamics (MSc with Thesis)
Institute of Science and Technology	Mechanical Engineering	Mechanics (PhD)
Institute of Science and Technology	Mechanical Engineering	Mechanics (MSc with Thesis)
Institute of Science and Technology	Mechanical Engineering	Thermodynamics (PhD)
Institute of Science and Technology	Mechanical Engineering	Thermodynamics (MSc with Thesis)
Institute of Science and Technology	Mechanical Engineering Technologies Programme	Constructions and Manufacturing MSc with thesis)
Institute of Science and Technology	Mechanical Engineering Technologies Programme	Construction and Manufacturing (PhD)
Institute of Science and Technology	Mechanical Engineering Technologies Programme	Mechanical Engineering Technologies Programme (MSc with Thesis)
Institute of Science and Technology	Mechanical Engineering Technologies Programme	Mechanics (MSc with Thesis)
Institute of Science and Technology	Mechanical Engineering Technologies Programme	Thermodynamics and Heat Technology (PhD)
Institute of Science and Technology	Mechanical Engineering Technologies Programme	Thermodynamics and Heat Technique (MSc with Thesis)

Institute of Science and Technology	Maths	Analysis and Theory of Functions (PhD)
Institute of Science and Technology	Maths	Analysis and Theory of Functions (MA with Thesis)
Institute of Science and Technology	Maths	Geometry (PhD)
Institute of Science and Technology	Maths	Geometry (MA with Thesis)
Institute of Science and Technology	Maths	Mathematics (PhD)
Institute of Science and Technology	Maths	Mathematics (MA)
Institute of Science and Technology	Maths	Applied Mathematics (PhD)
Institute of Science and Technology	Maths	Applied Mathematics (MSc with Thesis)
Institute of Science and Technology	Mechatronics Engineering	Computer Systems (Master's Degree with Thesis)
Institute of Science and Technology	Mechatronics Engineering	Electronic Systems (PhD)
Institute of Science and Technology	Mechatronics Engineering	Electronic Systems (MSc with Thesis)
Institute of Science and Technology	Mechatronics Engineering	Control Systems (PhD)
Institute of Science and Technology	Mechatronics Engineering	Control Systems (MSc with Thesis)
Institute of Science and Technology	Mechatronics Engineering	Mechanical Systems (PhD)
Institute of Science and Technology	Mechatronics Engineering	Mechanical Systems (MSc with Thesis)
Institute of Science and Technology	Mechatronics Engineering	Mechatronics Engineering (PhD)
Institute of Science and Technology	Mechatronics Engineering	Mechatronics Engineering (MSc with Thesis)
Institute of Science and Technology	Metallurgy Education	Casting (MA with thesis)
Institute of Science and Technology	Metallurgy Education	Extractive Metallurgy (MSc with Thesis)
Institute of Science and Technology	Metallurgy Education	Welding (Master's Degree with Thesis)
Institute of Science and Technology	Metallurgy Education	Materials (Master's Degree with Thesis)
Institute of Science and Technology	Metallurgy Education	Mechanical Metallurgy (MSc with Thesis)
Institute of Science and Technology	Metallurgy Education	Metallurgical Education (MA)
Institute of Science and Technology	Metallurgical and Materials Engineering	Materials Science (PhD)
Institute of Science and Technology	Metallurgical and Materials Engineering	Materials Science (MSc with Thesis)
Institute of Science and Technology	Metallurgical and Materials Engineering	Production Metallurgy (PhD)
Institute of Science and Technology	Metallurgical and Materials Engineering	Production Metallurgy(MSc with Thesis)
Institute of Science and Technology	Metallurgical and Materials Engineering Technologies	Materials (PhD)
Institute of Science and Technology	Metallurgical and Materials Engineering Technologies	Materials (Master's Degree with Thesis)
Institute of Science and Technology	Metallurgical and Materials Engineering Technologies	Ceramic Metallurgy (PhD)
Institute of Science and Technology	Metallurgical and Materials Engineering Technologies	Ceramic Metallurgy (Master's Degree with Thesis)
Institute of Science and Technology	Metallurgical and Materials Engineering Technologies	Production Metallurgy (PhD)
Institute of Science and Technology	Metallurgical and Materials Engineering Technologies	Production Metallurgy (MSc with Thesis)

Institute of Science and Technology	Architecture	Architecture (MA with Thesis)
Institute of Science and Technology	Automotive Engineering	Automotive Engineering (MSc with Thesis)
Institute of Science and Technology	Automotive Engineering	Vehicle Dynamics and Control (PhD)
Institute of Science and Technology	Automotive Engineering	Vehicle Dynamics and Control (MSc with Thesis)
Institute of Science and Technology	Automotive Engineering	Vehicle Propulsion and Power Systems (PhD)
Institute of Science and Technology	Automotive Engineering	Vehicle Propulsion and Power Systems (MSc with Thesis)
Institute of Science and Technology	Automotive Engineering	Vehicle Design (PhD)
Institute of Science and Technology	Automotive Engineering	Vehicle Design (MSc with Thesis)
Institute of Science and Technology	Defence Technology	Defence Technology (Master's Degree with Thesis)
Institute of Science and Technology	Aquaculture and Processing Technology	Hunting Technology (MSc with Thesis)
Institute of Science and Technology	Aquaculture and Processing Technology	Fishing Technology (MSc with thesis)
Institute of Science and Technology	Aquaculture and Processing Technology	Processing Technology MSc with Thesis)
Institute of Science and Technology	Aquaculture Basic Sciences	Fisheries Basic Sciences (PhD)
Institute of Science and Technology	Aquaculture Basic Sciences	Inland Water Biology (PhD)
Institute of Science and Technology	Aquaculture Basic Sciences	Inland Water Biology MSc with Thesis
Institute of Science and Technology	Aquaculture Basic Sciences	Aquaculture Basic Sciences (PhD)
Institute of Science and Technology	Aquaculture Basic Sciences	Aquaculture Basic Sciences (MSc)
Institute of Science and Technology	Aquaculture	Fish Diseases (MSc with thesis)
Institute of Science and Technology	Aquaculture	Aquaculture (PhD)
Institute of Science and Technology	Aquaculture	Aquaculture (MSc with thesis)
Institute of Science and Technology	Building Education	Building Education (PhD)
Institute of Science and Technology	Building Education	Building Education (MA with Thesis)
Institute of Science and Technology	Building Education	Building Design (MA with Thesis)
Institute of Science and Technology	Software Engineering	Software Engineering (PhD)
Institute of Science and Technology	Software Engineering	Software Engineering (MSc with Thesis)
Institute of Health Sciences	Physical Education and Sport	Physical Education and Sport (PhD)*
Institute of Health Sciences	Physical Education and Sport	Physical Education and Sports (MA with thesis)*
Institute of Health Sciences	Nutrition Sciences	Nutritional Sciences (MSc with Thesis)
Institute of Health Sciences	Dentistry Programme	Periodontology (Dr)
Institute of Health Sciences	Physiotherapy and Rehabilitation	Physiotherapy and Rehabilitation (MA) (with thesis)
Institute of Health Sciences	Nursing	Surgical Diseases Nursing (MSc)
Institute of Health Sciences	Nursing	Child Health and Diseases Nursing (MSc)

Institute of Health Sciences	Nursing	Public Health Nursing (MA)
Institute of Health Sciences	Nursing	Nursing (MA with thesis)*
Institute of Health Sciences	Nursing	Nursing (Doctorate)
Institute of Health Sciences	Nursing	Nursing (MSc)
Institute of Health Sciences	Nursing	Psychiatric Nursing (MA)
Institute of Health Sciences	Medicine Programme	Anatomy (PhD)
Institute of Health Sciences	Medicine Programme	Biophysics (PhD)
Institute of Health Sciences	Medicine Programme	Biophysics (MSc with thesis)*
Institute of Health Sciences	Medicine Programme	Biostatistics (MA with Thesis)
Institute of Health Sciences	Medicine Programme	Physiology (PhD)
Institute of Health Sciences	Medicine Programme	Physiology (MSc with Thesis)
Institute of Health Sciences	Medicine Programme	Public Health (PhD)
Institute of Health Sciences	Medicine Programme	Public Health (MA with thesis)*
Institute of Health Sciences	Medicine Programme	Histology Embryology (PhD)
Institute of Health Sciences	Medicine Programme	Histology Embryology (MA with thesis)*
Institute of Health Sciences	Medicine Programme	Ear, Nose and Throat Diseases/Odyology (MSc with thesis)*
Institute of Health Sciences	Medicine Programme	Parasitology (PhD)
Institute of Health Sciences	Medicine Programme	Medical Biochemistry (PhD)*
Institute of Health Sciences	Medicine Programme	Medical Biochemistry (MSc with Thesis)*
Institute of Health Sciences	Medicine Programme	Medical Biology (PhD)
Institute of Health Sciences	Medicine Programme	Medical Biology (MSc with Thesis)*
Institute of Health Sciences	Medicine Programme	Medical Pharmacology (PhD)
Institute of Health Sciences	Medicine Programme	Medical Pharmacology (MSc with Thesis)*
Institute of Health Sciences	Medicine Programme	Medical Microbiology (MSc with Thesis)
Institute of Health Sciences	Veterinary Programme	Obstetrics and Gynaecology (PhD)*
Institute of Health Sciences	Veterinary Programme	Fertilisation and Artificial Insemination (PhD)*
Institute of Health Sciences	Veterinary Programme	Fertilisation and Artificial Insemination (MSc with thesis)
Institute of Health Sciences	Veterinary Programme	Pharmacology and Toxicology (PhD)*
Institute of Health Sciences	Veterinary Programme	Pharmacology and Toxicology (MSc with Thesis)
Institute of Health Sciences	Veterinary Programme	Animal Nutrition and Nutritional Diseases (PhD)*
Institute of Health Sciences	Veterinary Programme	Animal Nutrition and Nutritional Diseases (MSc with thesis)*

Institute of Health Sciences	Veterinary Programme	Animal Health Economics and Management (MSc)
Institute of Health Sciences	Veterinary Programme	Histology Embryology (PhD)*
Institute of Health Sciences	Veterinary Programme	(PhD)*
Institute of Health Sciences	Veterinary Programme	Microbiology (PhD)*
Institute of Health Sciences	Veterinary Programme	Microbiology (MSc with Thesis)
Institute of Health Sciences	Veterinary Programme	History of Veterinary Medicine Deontology and Ethics (PhD)*
Institute of Health Sciences	Veterinary Programme	Veterinary Food Hygiene and Technology (PhD)*
Institute of Health Sciences	Veterinary Programme	Veterinary Food Hygiene and Technology (MSc with thesis)*
Institute of Health Sciences	Veterinary Programme	Veterinary Biochemistry (PhD)*
Institute of Health Sciences	Veterinary Programme	Veterinary Biochemistry (MSc with thesis)*
Institute of Health Sciences	Veterinary Programme	Veterinary Surgery (PhD)*
Institute of Health Sciences	Veterinary Programme	Veterinary Surgery (MSc with Thesis)*
Institute of Health Sciences	Veterinary Programme	Veterinary Obstetrics and Gynaecology (MSc with thesis)*
Institute of Health Sciences	Veterinary Programme	Veterinary Physiology (PhD)
Institute of Health Sciences	Veterinary Programme	Veterinary Physiology (MSc with thesis)*
Institute of Health Sciences	Veterinary Programme	Veterinary (MSc with thesis)*
Institute of Health Sciences	Veterinary Programme	Veterinary Parasitology (PhD)*
Institute of Health Sciences	Veterinary Programme	Veterinary Parasitology (MSc with thesis)*
Institute of Health Sciences	Veterinary Programme	Veterinary Pathology (PhD)*
Institute of Health Sciences	Veterinary Programme	Veterinary Animal Husbandry (PhD)*
Institute of Health Sciences	Veterinary Programme	Veterinary Animal Husbandry (MSc with Thesis)*
Institute of Health Sciences	Veterinary Programme	Virology (PhD)*
Institute of Social Sciences	Master's Degree in Disaster and Crisis Management II.	Disaster and Crisis Management
Institute of Social Sciences	Western Languages and Literatures	German Language and Literature (MA with thesis)*
Institute of Social Sciences	Western Languages and Literatures	French Language and Literature (MA with Thesis)
Institute of Social Sciences	Western Languages and Literatures	English Language and Literature (MA with Thesis)*
Institute of Social Sciences	Geography	Human and Economic Geography (PhD)
Institute of Social Sciences	Geography	Human and Economic Geography (MA with thesis)*
Institute of Social Sciences	Geography	Regional Geography (PhD)*
Institute of Social Sciences	Geography	Regional Geography (MA with thesis)*
Institute of Social Sciences	Geography	Physical Geography (PhD)*

Institute of Social Sciences	Geography	Physical Geography (MA with thesis)*
Institute of Social Sciences	Geography	Geography of Turkey (PhD)*
Institute of Social Sciences	Geography	Geography of Turkey (MA with thesis)*
Institute of Social Sciences	Contemporary Turkish Dialects and Literatures	Contemporary Turkish Dialects and Literatures (Dr)
Institute of Social Sciences	Contemporary Turkish Dialects and Literatures	Contemporary Turkish Dialects and Literatures (MA with Thesis)
Institute of Social Sciences	Morality and Value Education in Early Childhood	Morality and Value Education in Early Childhood (MA) (without thesis) (Primary)
Institute of Social Sciences	Philosophy and Religious Sciences	Religious Education (PhD)
Institute of Social Sciences	Philosophy and Religious Sciences	Religious Education (MA with thesis)
Institute of Social Sciences	Philosophy and Religious Sciences	Philosophy of Religion (MA with thesis)*
Institute of Social Sciences	Philosophy and Religious Sciences	Psychology of Religion (MA) (with thesis)
Institute of Social Sciences	Philosophy and Religious Sciences	Psychology of Religion (PhD)
Institute of Social Sciences	Philosophy and Religious Sciences	Sociology of Religion (MA with thesis)
Institute of Social Sciences	Philosophy and Religious Sciences	History of Religions (PhD)*
Institute of Social Sciences	Philosophy and Religious Sciences	History of Religions (MA with thesis)*
Institute of Social Sciences	Philosophy and Religious Sciences	History of Philosophy (PhD)
Institute of Social Sciences	Philosophy and Religious Sciences	History of Philosophy (MA with thesis)*
Institute of Social Sciences	Philosophy and Religious Sciences	Islamic Philosophy (PhD)
Institute of Social Sciences	Philosophy and Religious Sciences	Islamic Philosophy (MA with thesis)*
Institute of Social Sciences	Entrepreneurship and Innovation Management	Entrepreneurship and Innovation Management (MA with Thesis)
Institute of Social Sciences	Entrepreneurship and Innovation Management	Entrepreneurship and Innovation Management II (Non-thesis MA)
Institute of Social Sciences	Economics	Economics (PhD)
Institute of Social Sciences	Economics	Economics MA with Thesis)
Institute of Social Sciences	Communication Sciences	Communication Sciences (PhD)
Institute of Social Sciences	Communication Sciences	Communication (MA with thesis)*
Institute of Social Sciences	Primary Religious Culture and Ethics Education	Primary Education Religious Culture and Ethics Education
Institute of Social Sciences	Islamic History and Arts	Islamic History and Arts (MA)
Institute of Social Sciences	Islamic History and Arts	Islamic History (MA with thesis)*
Institute of Social Sciences	Islamic History and Arts	Turkish Religious Music (MA with thesis)*
Institute of Social Sciences	Islamic History and Arts	Turkish Islamic Literature MA with Thesis)
Institute of Social Sciences	Islamic History and Arts	History of Turkish Islamic Arts MA with Thesis)

Institute of Social Sciences	and Safety	and Safety II (Non-thesis MA)*
Institute of Social Sciences	Business	Business Administration (Dr)
Institute of Social Sciences	Business	Business Administration (MA)
Institute of Social Sciences	Public Administration	Public Administration (MA with Thesis)
Institute of Social Sciences	Finance	Finance (MA with Thesis)
Institute of Social Sciences	Finance	Finance (Non-Thesis MA) (Primary)
Institute of Social Sciences	Music	Music (MA)
Institute of Social Sciences	Music	Turkish Folk Music (MA with thesis)
Institute of Social Sciences	Music	Turkish Art Music (MA with Thesis)
Institute of Social Sciences	Health Management	Health Management (PhD)*
Institute of Social Sciences	Health Management	Health Management (MA with Thesis)*
Institute of Social Sciences	Health Management	Health Management Second Cycle Master's Degree without Thesis)*
Institute of Social Sciences	Art History	Art History (MA)
Institute of Social Sciences	Sociology	General Sociology and Methodology (PhD)
Institute of Social Sciences	Sociology	General Sociology and Methodology (MA with Thesis)
Institute of Social Sciences	Sociology	Sociology of Institutions (PhD)*
Institute of Social Sciences	Sociology	Sociology of Institutions (MA with thesis)*
Institute of Social Sciences	Sociology	Sociometry (PhD)
Institute of Social Sciences	Sociology	Sociometry (MA with thesis)*
Institute of Social Sciences	Sociology	Applied Sociology (PhD)
Institute of Social Sciences	Sociology	Applied Sociology (MA with thesis)*
Institute of Social Sciences	History	Ancient History (PhD)*
Institute of Social Sciences	History	Ancient History (MA with Thesis)
Institute of Social Sciences	History	General Turkish History (PhD)
Institute of Social Sciences	History	General Turkish History (MA with thesis)*
Institute of Social Sciences	History	Medieval History (PhD)
Institute of Social Sciences	History	Medieval History (MA with thesis)*
Institute of Social Sciences	History	History of the Republic of Turkey (PhD)*
Institute of Social Sciences	History	History of the Republic of Turkey (MA with thesis)*
Institute of Social Sciences	History	Modern History (PhD)*
Institute of Social Sciences	History	Modern History (MA with thesis)*

Institute of Social Sciences	History	New Age History (PhD)*
Institute of Social Sciences	History	New Age History (MA with thesis)*
Institute of Social Sciences	Technology and Information Management	Technology and Information Management (PhD)
Institute of Social Sciences	Technology and Information Management	Technology and Information Management (MSc with Thesis)
Institute of Social Sciences	Basic Islamic Sciences	Arabic Language and Rhetoric (PhD)
Institute of Social Sciences	Basic Islamic Sciences	Arabic Language and Rhetoric (MA with thesis)
Institute of Social Sciences	Basic Islamic Sciences	Hadith (PhD)
Institute of Social Sciences	Basic Islamic Sciences	Hadith (MA with thesis)*
Institute of Social Sciences	Basic Islamic Sciences	Islamic Law (PhD)
Institute of Social Sciences	Basic Islamic Sciences	Islamic Law (MA with thesis)*
Institute of Social Sciences	Basic Islamic Sciences	History of Islamic Sects (PhD)
Institute of Social Sciences	Basic Islamic Sciences	History of Islamic Sects (MA with thesis)*
Institute of Social Sciences	Basic Islamic Sciences	Theology (PhD)*
Institute of Social Sciences	Basic Islamic Sciences	Theology (MA with thesis)*
Institute of Social Sciences	Basic Islamic Sciences	Qur'anic Recitation and Master's Degree with Thesis)
Institute of Social Sciences	Basic Islamic Sciences	Sufism (MA with thesis)*
Institute of Social Sciences	Basic Islamic Sciences	Tafsir (PhD)
Institute of Social Sciences	Basic Islamic Sciences	Tafsir (MA with thesis)*
Institute of Social Sciences	Turkish Language and Literature	Old Turkish Language (PhD)
Institute of Social Sciences	Turkish Language and Literature	Old Turkish Language (MA with thesis)*
Institute of Social Sciences	Turkish Language and Literature	Old Turkish Literature (PhD)*
Institute of Social Sciences	Turkish Language and Literature	Old Turkish Literature (MA with thesis)*
Institute of Social Sciences	Turkish Language and Literature	Turkish Folk Literature (PhD)*
Institute of Social Sciences	Turkish Language and Literature	Turkish Folk Literature (MA with thesis)*
Institute of Social Sciences	Turkish Language and Literature	New Turkish Language (PhD)*
Institute of Social Sciences	Turkish Language and Literature	New Turkish Language (MA with thesis)*
Institute of Social Sciences	Turkish Language and Literature	New Turkish Literature (PhD)
Institute of Social Sciences	Turkish Language and Literature	New Turkish Literature (MA with thesis)*

2023 QUOTAS

Table 54 Undergraduate OSYS Quotas and Enrolments in 2023

Faculty/School	Programme Name	YKS Quota	YKS Result Placed	Number of Students Enrolled (Normal Placement + Additional . Settled)	Occupancy Rate
Faculty of Dentistry	Dentistry	116	116	116	100%
State Conservatoire	Turkish Music	25	Special Talent	25	100%
Faculty of Pharmacy	Pharmacy	51	51	51	100%
Faculty of Education	Science Teacher Education	39	39	30	100%
	Primary Mathematics Teacher Education	65	65	65	100%
	English Language Teaching (English)	77	77	77	100%
	Preschool Education	77	77	75	97%
	Guidance and Psychological Counselling	77	77	77	100%
	Painting and Drawing	30	Special Talent	15	50%
	Classroom Teaching	77	77	77	100%
	Social Studies Teacher Education	65	65	65	100%
	Turkish Language Teaching	65	65	65	100%
Faculty of Science	Biology	40	40	40	100%
	Physics	27	27	26	96%
	Statistics	27	27	26	96%
	Chemistry	40	40	40	100%
	Maths	40	39	40	100%
	Molecular Biology and Genetics	67	67	66	99%
Faculty of Economics and Administrative Sciences	Labour Economics and Industrial Relations	52	52	51	98%
	Economics	67	67	66	99%
	Business	67	67	66	99%
	Finance	92	92	91	99%
	Political Science and Public Administration	104	104	104	100%

	Social Work	92	92	89	97%
	Management Information Systems	40	40	40	100%
Faculty of Theology	Theology	260	260	255	98%
	Theology (MTOK)	29	28	27	93%
	Theology (MTOK) (Second Cycle)	15	15	15	100%
	Theology (Second Cycle)	131	131	126	96%
Faculty of Communication	Journalism	79	79	75	95%
	Journalism (Second Cycle)	79	79	77	97%
	Visual Communication Design	79	79	79	100%
	Public Relations and Publicity	79	79	74	94%
	Public Relations and Publicity (P.R.)	79	79	78	99%
	Radio, Television and Cinema	79	79	72	91%
	Radio, Television and Cinema (Second Cycle)	79	79	77	97%
Faculty of Humanities and Social Sciences	German Language and Literature (German)	67	67	62	93%
	Geography	79	79	74	94%

LIBRARY AND DOCUMENTATION DEPARTMENT

The university library serves Fırat University and Keban Vocational School, Karakoçan Vocational School, Baskil Vocational School and Organised Industrial Zone Vocational School within its body and acts as a regional library in a central position.

Until the 1990s, the abundance of printed publications such as books, magazines, newspapers, etc. an important indicator of the development of university libraries. Internet and other communication
As a result of the developments in electronic librarianship, library automation and access to information, important steps are being taken towards new directions in the concepts of electronic librarianship, library automation and access to information.
It has begun.

Thousands of printed publications lined up on shelves in classical libraries are now being replaced by CDs and service servers, and with the widespread use of databases librarianship services are carried out with computers. Our library is trying to adapt to the technological changes in the field of librarianship by creating a healthy infrastructure.

EDUCATION	Date : 16 - 17 December 2023 Time : 20:00-12:00 Location : Informatics Laboratories	Training on "CodeNight" by the Artificial Intelligence, Image Processing and Innovation Student Community of our university.
EDUCATION	Date : 17, 24, 31 December 2023, 07 January 2024 Time : 09:00-17:00 Location : Informatics Laboratories	Training on "Python, Laravel, Flutter" by the Artificial Intelligence, Image Processing and Innovation Student Community of our university. EDUCATOR: • Uğur CAN • Yunus Emre ERTÜRK

EDUCATION	Date : 16, 23, 30 December 2023, 06 January 2024 Time : 09:00-17:00 Location : Congress Centre	Training on "Paragliding Theoretical Lessons" by the Aviation Student Community of our university.
SYMPOSIUM	Date : 17 December 2023 Time : 13:00-15:30 Location : Faculty of Medicine Orange Hall	Symposium on "I Am Not a Number" organised by Fırat Young Doctors of Earth Student Community of our university **SPEAKER:** • Afra BUTASIM (Family Counsellor) • Enes ARSLAN (TV Programmer)
EXHIBITION	Date : 17 December 2023 Time : 13:00-17:00 Location : Faculty of Medicine Orange Hall	The painting exhibition titled "Palestine Exhibition" organised by Fırat Young Doctors of the Earth.
EVENT	Date : 17 December 2023 Time : 13:00-17:00 Location : Faculty of Medicine Orange Hall	The event titled "Support Stand for Palestine" organised by Fırat Young Yeryüzü Doktorları Student Community of our university.
CONFERENCE	Date : 19 December 2023 Time : 12:00-17:00 Location : Congress Centre	Conference on "Solution Challenge Info Session" organised by Google Developers Student Community of our university.
CONFERENCE	Date : 20 December 2023 Time : 14:00-16:00 Location : Prof.Dr. Mustafa Temizer Conference Hall	Our University Conference on "Informative Meeting on the Rights of Persons with Disabilities in the 100th Anniversary of the Republic of Turkey". **SPEAKER:** • Esra ERDEM (Lawyer) • Selin Deniz AKDENİZ KIŞLA (Lawyer) • Rahime Şeyma KARAMAN (Attorney Arb.)

CONFERENCE	Date : 20 December 2023 Time : 20:00-21:30 Location : Online	Conference on "Personality Integrity in the Context of Cultural Psychology" organised by the Psychology and Human Student Community of our university. **SPEAKER:** • Assoc.Dr Osman SEZGİN (Marmara University Faculty Member)
CONFERENCE	Date : 20 December 2023 Time : 11:00-17:00 Location : Atatürk Culture Centre	Our University Conference on "Information Meeting on Higher Education Area Central Projects and KA171 Projects" organised by the Higher Education Centre. **SPEAKER:** • Assoc. Prof. Dr. Işıl ŞAHİN GÜLTER (Fırat University Foreign Relations Deputy Director) • Prof. Dr. Ceyda AKILLI (Fırat University EU Projects Specialist)
EDUCATION	Date : 20 December 2023 Time : 13:15-18:15 Location : Atatürk Culture Centre	Training on "Education in Cyber Security" by the Forensic Informatics Student Community of our university. **EDUCATOR:** • Ömer Faruk ÖZDUMAN • Emirhan KISA • Mehmet Ali KODAS
EVENT	Date : 21-22 December 2023 Time : 10:00-17:00 Location : In front of the Veterinary Faculty	"Leave a Note to Palestine" event organised by the Academic Thought Education Civilisation Student Community of our university.
EVENT	Date : 21 December 2023 Time : 11:00-12:00 Location : Rectorate Campus	An event on "Palestine March" organised by the UNIAK Student Community of our university.

FILM SHOWING	Date : 21 December 2023 Time : 15:45-18:30 Location : Faculty of Medicine Orange Hall	"HIV&AIDS Awareness Cinema Event" by TURKMSIC Student Community of our university.
CONFERENCE	Date : 23 December 2023 Time : 10:00-18:00 Location : Atatürk Culture Centre	Conference on "Devfest" organised by Google Developers Student Community of our university. **SPEAKER:** • Beyza Sunay GÜLER • Levent KANTAROĞLU • Melih KURTARAN • Alper SARI
CONFERENCE	Date : 23 December 2023 Time : 19:00-21:30 Location : Online	Conference on "Cyber Twin Talks 2" organised by Fırat University Cyber Security Student Community. **SPEAKER:** • Salih DUMLU • Hakan SONAY
CONFERENCE	Date : 24 December 2023 Time : 09:00-16:00 Location : Atatürk Culture Centre	Conference on "FıraTech" organised by the Artificial Intelligence, Image Processing and Innovation Student Community of our university. **SPEAKER:** • Hakan GÜLER • Gökçen KARASU • Zeynep KÜÇÜK • Ecehen YILDIRIM • Türker ASLAN • Eren AKBABA • Hamza PEKDOĞAN
FILM SHOWING	Date : 25 December 2023 Time : 14:30-17:00 LOCATION: Congress Centre	"Film Watching" themed event organised by ACM Fırat Student Community of our university.

CONFERENCE	Date : 26 December 2023 Time : 19:30-21:30 Location : Online	A conference on "Staying Safe in the Cyber World" organised by Fırat University Cyber Security Student Community. **SPEAKER:** • Cemal TANER
EVENT	Date : 26-28 December 2023 Time : 10:00-16:00 Location : Vocational School of Social Sciences	The event themed "Who will take care of us if we don't take care of ourselves" organised by the Vocational School of Social Sciences of our university.
CONFERENCE	Date : 27 December 2023 Time : 13:30-15:00 Location : Prof.Dr. Bahaeddin Ögel Conference Hall	Conference on "Commemoration of Mehmet Akif Ersoy" organised by the Book Lovers Student Community of our university. **SPEAKER:** • Talat ÖZER
PANEL	Date : 27 December 2023 Time : 13:00-15:00 Location : Prof.Dr. Mustafa Temizer Conference Hall	Panel on "Palestine, Occupation and Resistance" organised by the Thought Academy Student Community of our university. **SPEAKER:** • Prof.Dr. Abdurrahman ATEŞ (Inonu University Faculty Member) • Muharrem GÜNEŞ
CONCERT	Date : 27 December 2023 Time : 19:00-21:00 Location : Atatürk Culture Centre	"VETAKORT Concert" themed event organised by the VETAKORT Student Community of our university.
EDUCATION	Date : 28 December 2023 Time : 15:30-17:30 Location : Congress Centre	Training on "Paragliding Theoretical Lessons II" by the Aviation Student Community of our university.
FILM SHOWING	Date : 29 December 2023 Time : 18:00-20:00 Location : Congress Centre	An event on "Watching a Film" by the Google Developer Student Community of our university.

REVOLVING CAPITAL DIRECTORATE

Article 58 of the Higher Education Law No. 2547 and the Principles Regarding the Establishment of Revolving Fund Enterprises prepared in accordance with this article

Duties of the Revolving Fund Management Directorate within the framework of the provisions of the Regulation:

- ✓ Ensuring the collection of project, analysis, consultancy and course revenues,

- ✓ Making contribution share distributions to faculty members, lecturers and research assistants who contribute to these revenues,

- ✓ Examination and initialing of project protocols,

- ✓ To meet the expenses of the Revolving Fund Treasury and Directorate in accordance with the law and regulations, regardless of their income-generating contributions, to realise the additional payments made from the amount allocated as executive share to the Rector, Vice Rectors and Secretary General and the Dean, Institute and School Directors and assistants of the units where revolving capital revenues are obtained,

- ✓ Realisation of salaries and other rations of the staff and workers working in the revolving fund,

- ✓ Issuance of invoices,

- ✓ Preparation of realised income and expenditure tables and sending them to the relevant units,

- ✓ Preparation of revolving capital budget,

- ✓ Preparing the declarations of withholding tax, income tax, stamp tax and value added tax arising from transactions, making accruals and ensuring that they are paid by the treasury,

- ✓ Notification of social security premiums and contributions to the Social Security Institution by issuing electronic notifications,

- ✓ Purchasing, travel and communication expense accruals within the scope of revolving capital,

- ✓ Entry-exit, transfer, counting-dumping transactions of all kinds of movables purchased within the scope of revolving capital,

- ✓ Follow-up of debit and credit transactions of the revolving capital enterprise,

✓ Realisation of all other payments within the jurisdiction,

✓ Making and correspondence,

✓ Filing and archiving procedures,

✓ Organising information on the web page,

✓ Preparation of unit activity report etc. activities.

Treasury and Finance to perform accounting and payment transactions

There is a Directorate of Treasury under the Ministry of Treasury and these transactions are carried out by the relevant Directorate.

Revolving Capital Management units:

✓ University Hospital

✓ Agriculture and Livestock Research Centre

✓ Faculty of Education

✓ Scientific and Technological Application and Research Centre

✓ Faculty of Fisheries

FIRAT ANIMAL HOSPITAL

Built in 1998, Fırat University Faculty of Veterinary Medicine Animal Hospital is the oldest animal hospital in the region serving for ovine and bovine animals with its infrastructure and trained staff. Animal hospital clinical services are provided by four clinics consisting of Surgery, Internal Medicine, Obstetrics and Gynaecology, Fertilisation and Artificial Insemination Departments.

Central Diagnostic Centre serving all clinics within the animal hospital There is a laboratory. Blood gas, haematology, biochemical, etc. analyses of all animals are performed by the laboratory staff.

The services provided by the clinical departments in our hospital are carried out during working hours. Out of working hours, on-call officer and on-call teaching staff We have an emergency clinic where services are carried out by the staff.

In accordance with Article 58 of the Higher Education Law No. 2547
Fırat University Research Fund (FUNAF) was established in accordance with the decision of the Council of Higher Education dated 31.02.1984 and numbered 84-08-157 in order to provide financial support for individual research, master's and doctoral theses and medical speciality theses projects.

The Research Fund of our university was established in 1986 and became active on 26.03.1987.

With the first paragraph of subparagraph (E) of Article 15 of Law No. 4684 published in the Official Gazette dated 3 July 2001 and numbered 24451, Higher Education No. 2547
The phrase "and research fund" in the title of Article 58 of the Law has been removed from the text, the phrase "research fund" in the fourth subparagraph of paragraph (a) has been amended as "scientific research projects" and paragraph (b) has been repealed.

After this legal amendment to the law, the activities of FUNAF were suspended.

Based on this amendment, the "Regulation on Scientific Research Projects of Higher Education Institutions" was published by the Council of Higher Education in the Official Gazette dated 10 April 2002 effective from 1 January 2002. Prepared in accordance with Article 1 of this regulation and our University

The Scientific Research Projects (FÜBAP) Management Unit, Project Proposal Preparation, Evaluation and Execution Directive was discussed and accepted by the Senate to be effective as of 1 January 2002. After the adoption of the directive, "Fırat

University Scientific Research Projects (FÜBAP) Management Unit" has resumed its activities.

In 2009, the directive was adapted to the legislation by the Senate of our University and its name was changed as "Fırat University Scientific Research Projects (FÜBAP) Coordination Unit".

New "On Scientific Research Projects of Higher Education Institutions
Regulation" entered into force after being published in the Official Gazette on 17 July 2020. In accordance with this regulation, our university's Scientific Research Projects (FÜBAP) support directive has been prepared and brought into compliance with the legislation.

The Scientific Research Projects Unit Coordinatorship works devotedly with the aim of becoming an exemplary unit with its innovative, expert in its work, using the resources provided in the best way, and gradually increasing and improving its performance.

Operation and functioning of the Scientific Research Projects Unit Coordination Unit In order to speed up the automation system, it has been gradually switched to the automation system since 2010.

Institutional Erasmus+ Coordinator, University Institutional Erasmus+ Coordinator is appointed by the Rector from among the university faculty members. Coordinates the coordination of all matters related to Erasmus+ programmes throughout the University, reporting to the External Relations Coordinator.

provides Signs Erasmus+ and study agreements. The university's Erasmus+ agreements within the framework of the incoming exchange students and students selected to go to the administrative

Ensures that the procedures are carried out by the staff of the External Relations Office. Ensures that the Erasmus+ programme is promoted within the university and prepares promotional materials.

Carries out correspondence with universities within the scope of Erasmus+ in coordination with the External Relations Unit. Carries out Erasmus+ activities in coordination with the relevant unit coordinators and the Student Affairs Department. Together with the Selection and Evaluation Commission

ensures that decisions are taken and executed.

- ✓ The Graduate School Erasmus+ Coordinator is appointed by the relevant Graduate School Director from among the faculty members. Provides coordination between the coordinators of the Graduate School Department.

- ✓ The Faculty / School / Conservatory Erasmus+ Coordinator is appointed by the Dean of the relevant Faculty, School or Conservatory Director from among the academic staff. He/she communicates the developments related to the Erasmus+ programme to the Department Erasmus+ coordinators. Provides coordination between the Institution Erasmus+ Coordinator and Department Erasmus+ coordinators.

- ✓ The Erasmus+ Coordinator of the Department/Programme/Institute Department/Division of Arts and Sciences is appointed by the Head of the relevant Department from among the academic staff and also serves as the Coordinator of the Department or Division of Arts and Sciences of the Institute to which he/she is affiliated. The Erasmus+ Coordinator of the Department/Programme/Institute Department/Division of Arts and Sciences promotes the Erasmus+ programme in the relevant unit, announces the news related to this programme, assists students who wish to benefit from exchange programmes in university and course selection, as well as in the preparation of study agreements.

- ✓ Responsible for the execution of the inter-institutional agreements of the students who want to participate in the programme. Guides students returning from abroad about the adjustment of the courses they took during the exchange period.

✓ Selection and Evaluation Commission is a commission consisting of a total of 5 people appointed by the Rector of the University and consisting of the Institution Coordinator, Deputy Institution Coordinator, Erasmus+ Institution Coordinator and two people from the Institute/Faculty/School/Conservatory Erasmus+ Coordinators. The selection and evaluation process in line with the applications of students, faculty members and administrative staff is handled by this commission

DEPARTMENT HEADS

INFORMATICS DEPARTMENT

The duties of the Informatics Department are as follows:

✓ To provide teaching staff and laboratory services for the Informatics department courses to be taught in faculties and colleges.

✓ To provide lecturer and laboratory support for the Department of Informatics courses to be taught in undergraduate and associate degree programmes.

✓ To update the curricula and application environments (laboratories) at the end of each semester in order to ensure that the content of the courses is processed in accordance with current technologies and programmes.

✓ To provide computer laboratory support to faculties and colleges that need computer laboratories in the execution of courses, midterm exams, general exams and make-up exams.

✓ To prepare new and up-to-date electronic course materials (presentation, video) for distance education courses and present them to students in the learning management system.

The Informatics Department serves not only as a unit that provides academic courses but also a unit that provides computer laboratory environment to other academic units.

6. Management and Control System

As an administration with a special budget, our university is included in the Higher Education Council, Universities and Advanced Technology Institutes listed in section (A) of the table (II) of the Public Financial Management and Control Law No. 5018, as amended by Article 12 of the Law No. 5436. Article 11 of the Law No. 5018 stipulates that "Senior managers are responsible for the preparation and implementation of the strategic plans and budgets of their administrations in accordance with the development plan, annual programmes, strategic plan and performance targets of the institution and service requirements, for ensuring the effective, economic and efficient acquisition and use of the resources under their responsibility, for preventing loss and misuse, for overseeing and monitoring the functioning of the financial management and control system, and for fulfilling the duties and responsibilities specified in the laws and Presidential decrees.

They are responsible to the Minister for the fulfilment of their responsibilities, and to their councils in local administrations. Top managers fulfil the requirements of this responsibility through expenditure authorities, financial services unit and internal auditors.

The duties and responsibilities are clearly stated. 31.12.2005, the Regulation on Principles and Procedures Regarding Control and Preliminary Financial Control states that "Senior managers are responsible for the establishment and supervision of the internal control system, and expenditure authorities are responsible for the implementation of internal control in relation to administrative and financial decisions and transactions within the framework of their duties and authorities.

functioning of the internal control system. The financial services unit of the administrations carries out studies on the establishment of the control system, the implementation and development of its standards and carries out preliminary financial control activities." Prepared according to this regulation and

Our Internal Control and Preliminary Financial Control Directives, which determine the principles and procedures to be followed in the financial affairs and transactions of our university, have been accepted by our Senate and entered into force.

With the Directive, the amount of goods, services and contract drafts that will require expenditure, whether or not the expenditure units are subject to tender laws
purchases and those exceeding the amount of direct procurement for construction works and those listed below are subject to preliminary financial control:

- ✓ Allowance sending documents,
- ✓ Allowance transfer operations,
- ✓ Staff distribution tables,
- ✓ Travel card lists,
- ✓ Temporary labour positions,
- ✓ Side pay scales,
- ✓ Number and contracts of contracted personnel.

Financial decisions and transactions related to revenues, expenditures, assets and liabilities are made by the expenditure units and the financial services unit in accordance with the budget of the administration, the budget line item,
The amount of available appropriation, detailed expenditure or financing programmes are for compliance with the provisions of the central government budget law and other financial legislation, and financial decisions and transactions are evaluated by our spending units in terms of effective, economic and efficient use of resources.

II. AIMS and OBJECTIVES

    A. Key Policies and Priorities

        The basic policy of our university is to provide development in the fields of education, research, entrepreneurship, social contribution and institutional capacity. Our main priority is to maintain our status as a research university, to increase our activities and studies in the field of research, and to become a university that has made a name for itself in the country and around the world.

    B. Objectives and Targets in the Strategic Plan of the Administration

Objective-1: Contributing to Qualified Manpower with Contemporary Education and Training Methods

✓ **Objective 1.1: The diversity and quality of diploma programmes will be increased**

- PG-1.1.1: PG1.1.1: Number of accredited diploma programmes
- PG-1.1.2: Number of diploma programmes for priority areas and future professions
- PG-1.1.3: Number of students enrolled in minor and double major programmes
- PG-1.1.4: Number of academic staff with training of trainers certificate
- PG-1.1.5: Number of curricula updated with external stakeholder views

✓ **Objective 1.2: Student participation in research processes will be doubled by the end of the plan period**

- PG-1.2.1: Number of research projects with student participation
- PG-1.2.2: Number of students applying for external projects
- PG-1.2.3: Number of student teams established to prepare projects
- PG-1.2.4: Amount of BAP support for student projects
- PG-1.2.5: Size of research space for students

✓ **Target 1.3: Internationalisation activities will be doubled by the end of the plan period**

- PG-1.3.1: Number of international students

- PG-1.3.2: Number of foreign academic staff

- PG-1.3.3: Number of international joint education programmes

- PG-1.3.4: International   Number of students benefiting from exchange programmes

✓ **Objective 1.4: Social and cultural activities supporting education and training will be increased**

- PG-1.4.1: Number of activities organised by student clubs/communities
- PG-1.4.2: Number of social, cultural and sportive activities organised for students
- PG-1.4.3: Number of social responsibility projects prepared by students,
- PG-1.4.4: Number of meetings involving student representatives in institutional decision-making processes
- PG-1.4.5: Amount of donations received by the university

✓ **Objective 1.5: Education and training infrastructure will be improved by 50% until the end of the plan period**

- PG-1.5.1: Size of the space used for educational purposes
- PG-1.5.2: For machinery-equipment and fixtures used for education and training purposes ratio of expenditure to total budget
- PG-1.5.3: Classrooms supported by technology-based systems (hybrid teaching environments, etc.) Number of
- PG-1.5.4: Number of e-resources per student

Objective-2: Disseminating Scientific and Technological Researches Producing Universal Values

✓ **Objective 2.1: The level of institutional research competence will be doubled by the end of the plan period**

- PG-2.1.1: Number of articles published in Q1 and Q2 journals in SCI/SSCI indexes
- PG-2.1.2: Number of national publications indexed in Ulakbim TR index
- PG-2.1.3: Ratio of Publications Cited in the 10th percentile
- PG-2.1.4: Number of national and international scientific events organised
- PG-2.1.5: Number of national and international patent certificates

✓ **Objective 2.2: Contribution to researcher manpower will be increased by 25% until the end of the plan period**

- PG-2.2.1: Number of interdisciplinary graduate programmes
- PG-2.2.2: Number of doctoral students per doctoral programme
- PG-2.2.3: Number of doctoral theses completed per academic staff member
- PG-2.2.4: Number of scholars in national and international projects
- PG-2.2.5: Number of YÖK, TÜBA, TÜBİTAK scienceincentive and art awards

✓ **Objective 2.3: Research collaborations will be doubled by the end of the plan period**

- PG-2.3.1: Number of international publications made through international co-operation
- PG-2.3.2: Amount of international project funding
- PG-2.3.3: Number of projects received from National R&D and Innovation Support Programmes
- PG-2.3.4: Amount of funds transferred to the institution from National R&D and Innovation Support Programmes in the relevant year

✓ **Objective 2.4: Research infrastructure will be strengthened by 20% every year**

- PG-2.4.1: Number of accredited laboratories
- PG-2.4.2: Amount of budget spent on R&D
- PG-2.4.3: Amount of support provided by the University for scientific research projects
- PG-2.4.4: Number of clusters established in priority areas
- PG-2.4.5: Amount of investment in research infrastructure of clusters established in priority areas

Objective-3: Improving Services for the Community

✓ **Objective 3.1: Increasing educational, cultural, artistic and sportive activities for the society**

- PG-3.1.1: University's position in the Entrepreneur and Innovator Index

- PG-3.1.2: Number of awards received by students from outside the university

- PG-3.1.3: Number of entrepreneurship, technology management and innovation management trainings organised outside the university

- PG-3.1.4: Number of entrepreneurship, technology management and innovation management courses at undergraduate and graduate level

✓ **Objective 3.2: Entrepreneurship Practices will be improved by 10% every year**

- PG-3.2.1: Number of services provided by research laboratories outside the university

- PG-3.2.2: Number of intellectual and industrial property rights of academic staff

- PG-3.2.3: Level of income generated from the services provided in research laboratories

- PG-3.2.4 : Total budget of projects carried out jointly with industry

✓ **Objective 3.3: Activities of Fırat Teknokent and Fırat TTO will be increased**

- PG-3.3.1: Rate of employment of PhD or doctoral students in Fırat TDZ

- PG-3.3.2: Total turnover of companies in the Technopolis

- PG-3.3.3: Academicians are partners or owners in Technopolis and incubation centres number of active companies

Objective-4: Strengthening University-Public-Private Sector Cooperation

✓ **Target 4.1: Training, Project and Social Activities for the Community every year will be increased by 15%**

- PG-4.1.1: Number of events organised to contribute to society

- PG-4.1.2: Number of certificate education programmes

- PG-4.1.3: Number of people benefiting from certificate education programmes

- PG-4.1.4: Number of social responsibility projects carried out by the University

✓ **Objective 4.2: Environmental and Barrier-Free University activities will be increased**

- PG-4.2.1: Number of awards, flags, insignia received for disability-friendly practices
- PG-4.2.2: Number of staff certified in the fields of zero waste, green campus and environmentalism
- PG-4.2.3: Green, environmentalist university index ranking

✓ **Objective 4.3: Delivery of health services will be improved**

- PG-4.3.1: Number of events organised for staff training
- PG-4.3.2: Satisfaction rate for treatment services
- PG-4.3.3: Bed occupancy rate
- PG-4.3.4: Total number of patients benefiting from health services
- PG-4.3.5: Number of procedures performed within the scope of health tourism

✓ **Objective 4.4: Health services infrastructure will be improved by 15 per cent every year**

- PG-4.4.1: Completion rate of the Faculty of Dentistry-Hospital building
- PG-4.4.2: Amount of investment for new equipment
- PG-4.4.3: Number of specialised units in the University Hospital

✓ **Objective 4.5: Veterinary services and animal husbandry research will be improved**

- PG-4.5.1: Completion rate of the new Animal Hospital in Harput campus
- PG-4.5.2: Completion rate of new units for sheep breeding, equine breeding and poultry breeding
- PG-4.5.3: : Completion rate of the Farm Animal Experimental Research Unit
- PG4.5.4: Ratio of updating the infrastructure of the High Security (BSL3) Laboratory at the Faculty of Veterinary Medicine
- PG4.5.5: New Food Safety and Quality Research Completion rate of the laboratory

Objective-5: Strengthening the Institutional Structure

✓ **Objective 5.1: Strengthening the Institutional Structure, Human and Management Areas**

- PG-5.1.1: Number of promotional events
- PG-5.1.2: Satisfaction level of administrative staff
- PG-5.1.3: Student satisfaction level
- PG-5.1.4: Satisfaction level of academic staff
- PG5.1.5 : Satisfaction level with the corporate culture

✓ **Objective 5.2: Institutional infrastructure will be improved at least twice by the end of the plan period**

- PG-5.2.1: Completion rate of new education and living buildings
- PG-5.2.2: Number of buildings
- PG-5.2.3: Realisation rate of energy and water resources control and monitoring system (ISO 50001 certificate)

✓ **Objective 5.3: Human development activities will be increased by 25% every year**

- PG-5.3.1: Number of cultural, artistic and sportive activities organised for academic and administrative staff
- PG-5.3.2: Ratio of administrative staff receiving in-service training to total administrative staff
- PG5.3.3: Completion rate of Human Management System
- PG5.3.4: Number of Internal Control Action monitoring and evaluation
- PG5.3.5: Number of meetings and events organised on the Personal Data Protection Law

✓ **Objective 5.4: Informatics infrastructure will be improved and new information systems will be acquired**

- PG-5.4.1: Completion rate of infrastructure works of Digital Transformation and Software Office
- PG-5.4.2: The number of software acquired to the e-Fırat Digital Transformation System
- PG-5.4.3: Completion rate of IT Disaster Recovery Centre (ISO 27001 certification)
- PG5.4.4: Completion rate of Continuous Data Monitoring System
- PG5.4.5: Amount of investment in computer hardware and software upgrades

Audit Department

In accordance with the relevant provision of the Regulation on the Working Procedures and Principles of Auditors, the Internal Audit Programme and the Audit Plan for the 2024-2026 period, which were prepared on a risk-based basis and submitted to the Rector's Office for approval, were approved on 10.01.2023. 6 out of a total of 9 processes foreseen to be audited by the 2023 internal audit programme were carried out as stipulated in the internal audit programmes and with the participation of the internal auditors assigned in the audit programmes. Within the scope of the internal audit programme, audits are carried out by the audit team consisting of the assigned internal auditors and the audit supervision officer.

As a result of the audit of 6 (six) processes completed in 2023, a total of 47 findings were identified, 1 of which was critical, 36 of which was high, and 10 of which was medium; and the total number of recommendations in the reports is 119. A total of 4 audit activities, 2 of which are included in the audit programme for 2022 and 2 of which are included in the audit programme for 2023, have not yet been completed as of the date of the annual report and are at the reporting stage.

Within the scope of the 2023 Internal Audit Programme, 9 (nine) processes were planned to be audited with a total of 3 internal auditors. As of the end of 2023, the audit of 6 processes has been completed, the audit of 1 process has been cancelled and the audit of 2 processes is in the process of completion.

Table 110 Realisation Status of Internal Audit Programmes by the End of 2023

Number of Planned Audits and Consultancy	Number of Audits and Consultancy Cancelled	Number of Audits and Consultancy Realised	Realisation Rate (%)

III. AND RESULTS

3.1. FINANCIAL INFORMATION

3.1.1. Budget Expenses

With the 2023 Central Government Budget Law, our University was allocated 1.965.036,00 TL. The budget of our university increased to 3.257.945.816,00 TL with the additions made in 2023. The expenditures made in 2023 were realised as 2,819,392,702.00 TL. Accordingly, 86.53% budget realisation was achieved in 2023 according to the total allocation.

Table 112 Fırat University Budget Detail Table for 2023

CODE	TYPE OF APPROPRIATION	2023									
		INITIAL APPROPRIATION	ADDITIONAL BUDGET	UNDER THE STATE OF EMERGENCY (EARTHQUAKE)	RESERVE	INTER INSTITUTIONAL TRANSFER	INCOME SURPLUS	LIQUID	TOTAL ADDED APPROPRIATION	TOTAL ALLOCATION	EXPENDITURE
01	PERSONNEL EXPENSES	1.314.492.000	605.765.000				2.370.000	150.000	608.285.000	1.922.777.000	1.917.721.326
02	EXPENSES TO SOCIAL	192.499.000	56.790.000						56.790.000	249.289.000	247.345.737
03	EXPENDITURE ON OF GOODS AND	174.215.000		1.000.000	35.000.000		33.976.838	5.887.539	75.864.377	250.079.377	240.235.150
05	TRANSFERS	58.830.000		400.000	15.635.000	34.440.000	2.595.188	622.608	53.692.795	112.522.795	107.240.897
06	CAPITAL EXPENDITURE	225.000.000	50.000.000	341.500.000	16.500.000	10.011.000	1.258.000	79.008.644	498.277.644	723.277.644	306.849.591
GENERAL TOTAL		1.965.036.000	712.555.000	342.900.000	67.135.000	44.451.000	40.200.026	85.668.791	1.292.909.816	3.257.945.816	2.819.392.702

When the distribution of the expenditures made at our university is analysed, it is seen that the highest expenditure was made in personnel-related expenses. The expenditures realised in these expense groups (personnel expenses and social security premium payments) accounted for 76.79% of the total expenditures. There was a 117.90% increase in personnel-related expenses compared to the previous year. In addition, 8.52% of total expenditures were made of purchases of goods and services, 3.80% of current transfers and 10.88% of capital expenditures. The distribution of budget expenditures of our university by expenditure types is shown in the table below in comparison with 2022.

Table 113 Budget Expenditures

Expense Type	2022 (TL)	2023 (TL)	2022-2023 Rate of Change (%)	2023 Percentage Distribution (%)
Personnel Expenses	867.068.689	1.917.721.326	121,17	68,02
Social Security Contribution Expenses	126.501.816	247.345.737	95,53	8,77
Goods and Service Purchase Expenses	157.008.379	240.235.150	53,01	8,52
Current Transfers	50.503.536	107.240.897	112,34	3,80
Capital Expenditure	113.525.084	306.849.591	170,29	10,88
TOTAL	**1.314.607.504**	**2.819.392.702**	**114,47**	**100**

Expenditures on Purchase of Goods and Services increased by 53.01% compared to the previous year. The highest share in the expenditures on purchase of goods and services is composed of purchases of goods and materials for consumption.

The distribution of Goods and Service Procurement Expenditures for 2022 and 2023 is shown in the table below.

Table 114 Expenditure on Purchase of Goods and Services

Goods and Service Purchase Expenses	2022 (TL)	2023 (TL)	2022-2023 Change Rate (%)
Purchases of Consumer Goods and Materials	149.194.972	221.109.627	48,20
Travelling Allowances	1.152.016	1.853.387	60,88
Mission Expenses	95.223	1.170.129	1128,83
Service Purchases	5.264.524	13.480.508	156,06
Representation and Promotion Expenses	165.008	131.658	-20,21
Purchase, Maintenance and Repair of Property, Plant and Equipment Expenses	895.418	1.905.547	112,81
Maintenance and Repair Expenses for Real Estate	241.217	584.294	142,23
TOTAL	**157.008.379**	**240.235.150**	**53,01**

Purchases of Goods and Materials for Consumption increased by 48.20 compared to the previous year and 221,109,627 TL expenditure was realised. The development of Consumable Goods and Materials Purchases for the period 2022-2023 is given in the table below.

Table 115 Purchases of Consumer Goods and Materials

Expense Type	2022(TL)	20223(TL)	2022-2023 Rate of Change(%)
Stationery, Publication, Printing and Office Supplies Purchases	22.334.512	48.301.195	116,26
Water and Cleaning Material Purchases	762.076	2.534.842	232,62
Energy Purchases	95.323.704	130.425.591	36,82
Food, Beverage and Feed Purchases	19.206.258	28.745.706	49,67
Clothing and Equipment Purchases	592.931	1.621.115	173,41
Special Material Purchases	4.997.388	1.960.136	-60,78
Purchases, Construction and Expenditures of Goods, Materials and Services for Security and Defence	85.389	400	-99,53
Other Consumption Goods and Materials Purchases	5.892.714	7.520.614	27,63
TOTAL	**149.194.927**	**221.109.627**	**48,20**

The highest expenditure in Purchases of Goods and Materials for Consumption was realised in energy purchases.

The travel expenses of our university in 2023 increased by 60.88% compared to the previous year and totalled 1,853,387.00 TL. The highest expenditure in travel expenses was realised in domestic temporary duty travel expenses.

Table 116 University's Travel Expenses in 2023 and Change Compared to 2022

Expense Type	2022(TL)	2023(TL)	2022-2023 Rate of Change(%)
Domestic Temporary Duty Travelling Allowances	632.951,00	745.896,00	17,84
Foreign Temporary Duty Travelling Allowances	217.462,00	450.304,00	107,07
Domestic Permanent Duty Travelling Allowances	301.603,00	657.187,00	117,90
Foreign Permanent Duty Travelling Allowances	-	-	-
TOTAL	**1.152.016**	**1.853.387**	**60,88**

Expenditures on Service Procurement increased by 139.87% in 2023 compared to 2022 and totalled 13,480,508.00 TL. Within the scope of service purchases, transport expenses decreased by 28.84% in 2023 compared to the previous year. General service purchases increased by 88.50%, communication expenses by 86.68%, tariff-based payments by 114.53%, rental expenses by 305.78%, judgement expenses by 182% and other service purchases by 149.38%. The development of service purchases in the 2022-2023 period is shown in the table below.

Table 117 Service Purchases

Expense Type	2022(TL)	2023(TL)	2022-2023 Rate of Change (%)
General Service Purchases	2.708.393	5.911.567	88,50
Communication Expenses	76.883	338.940	86,68
Transport Expenses	27.364	19.470	-28,84
Tariff Related Payments	593.278	1.342.299	114,53
Rents	948.354	4.285.566	305,78
Judgement Expenses	1.822	5.766	182
Other Service Purchases	908.430	1.576.900	149,38
TOTAL	**5.264.524**	**13.480.508**	**139,87**

In 2023, the expenditure on the Purchase, Maintenance and Repair of Property, Plant and Equipment, which is another expenditure group that constitutes the Expenditure on Purchase of Goods and Services, increased by 112.81% compared to the previous year and was realised as 1,905,547.00 TL.

Within the scope of Real Estate Property Maintenance and Repair Expenditures, 584,294.00 TL was spent in 2022. The aforementioned expenditure amount increased by 142.23% in 2023 compared to the previous year.

With the 2023 investment programme, a total of 225.000.000 TL was allocated to our University, including 100.000.000 TL in Education, 110.000.000 TL in Health, 15.000.000 TL in Social Research.

While 77,200,000.00 TL was allocated for Campus Infrastructure and Classrooms and Central Units Projects, 22,800,000.00 TL was allocated for the projects newly added to the Education Sector in 2023. In total, the amount of appropriation allocated for the education sector 100,000,000.00 TL. During the year, 181.016.644,644,00 TL was added to the Education sector and the total appropriation was realised as 281.016.644,00 TL. TL 132,532,427.64 of this appropriation was spent during the year.

While 40,000,000.00 TL was allocated for the ongoing Dentistry Practice and Research Hospital Project in the Health Sector investments, 70,000,000.00 TL was allocated for the projects newly added to the Health sector in 2023. In total, the amount of appropriation allocated for the health sector 110,000,000.00 TL. During the year, an appropriation of 297.150.000,00 TL was added to the Health sector and the total appropriation was realised as 407.150.000,00 TL. Of this appropriation, 139.206.163,53TL was spent during the year

An appropriation of 12,429,000.00 TL has been allocated for the Software and Informatics R&D Centre Project, which continues within the scope of the Social-Technological Research sector. In 2023, 2,571,000.00 TL was allocated for the Scientific Research Projects of the Rectorate added to the Social-Technological Research sector, and a total of 15,000,000.00 TL allocated. During the year, an appropriation of 20.111.000,00 TL was added to the Social-Technological Research sector and the total appropriation was realised as 35.111.000,00 TL. TL 22,529,000.00 of this appropriation was spent during the year.

Within the scope of the 2023 Investment Programme, 12 projects were carried out at our university, 7 of which were in the education, 3 in the health and 2 in the SES-Social and Technological Research sectors. The sectoral distribution of the investment projects carried out at our university is shown in the table below.

Table 118 Distribution of Sectoral Investment Allocations for 2023

Sector	Project Number (pcs)	Programme Allowance (TL)	Actual Allowance (TL)	Cash Realisation (TL)
Education	7	100.000.000,00	281.016.644,00	132.532.427,64
Health	3	110.000.000,00	407.150.000,00	139.206.163,53
SLC-Social Technological Research	2	15.000.000,00	35.111.000,00	35.111.000,00
TOTAL	**12**	**225.000.000,00**	**723.277.644,00**	**206.849.591,17**

3.1.2. Budget Revenues

The budget revenues of our university in 2023 increased by approximately 116.01% compared to the previous year and 2,819,066,041.90 TL. Enterprise and Property Revenues accounted for 2.07% of total revenues in 2023. Enterprise and Property Revenues increased by 88.44% in 2023 compared to the previous year and reached 58,505,565.67 TL. Treasury Aid, which constitutes the main income of our university, showed a significant increase in 2023 compared to the previous year and increased by 117.98% to TL 2,683,827,500.00. Other revenues, which consist of interest income, shares received from individuals and institutions, fines and other miscellaneous revenues, increased by

TL 79,787,530.95 with an increase of 84.71%. TL 1,061,661.02 from the sale of immovable property was realised as capital income. 6 February 2023 As a result of the fee refunds due to the Kahramanmaraş Earthquake, rejections and refunds from income increased by 931.99% compared to the previous year and reached 4,116,215.74 TL. Realisations by income type are shown in the table below.

Table 121 2022-2023 Budget Revenues

Income Type	2022 (TL)	2023 (TL)	Rate of Change (%)	Percentage Distribution (%)

3.1.3. Financial Audit Results

In the 2022 Regularity Audit Report prepared by the Court of Accounts in 2023 regarding the transactions of 2022:

1. Investments in Progress Account does not reflect the actual situation

2. Failure to Update Provisions for Employment Termination Benefits Allocated in Previous Years

3. Failure to Add Value Increasing Expenditures of Immovables Value of the Related Asset
4. Findings such as the failure to record various commodities produced and sold at the University's Agriculture and Livestock Research Centre Directorate in the relevant inventory records were included. Regarding the findings in question

The findings stated in the external audit reports of 2022 and the actions taken by our University in line with the findings and the realisation status of the findings are shown in the tables below.

Table 124 2022 Court of Accounts Audit Report Findings

Finding Name	Finding Requirement (Yes/No)			Explanation Regarding the Situations Where the Foreseen Transaction Failed
	Fully Fulfilled	Partially Fulfilled	Yet Instead of Not available	
Investments in Progress Account does not reflect the actual situation		X		As a result of the finding, the expenditure units were warned and the expenditure of the investment activities carried out by our university in 2023 not recognised in 258 construction in progress accounts account has been ensured to be monitored.
Severance Pay Allocated in Previous Years Failure to Update Provisions	X			In the 2022 Audit Report of the Court of Accounts, as a result of the determination that the severance indemnity provisions allocated for the workers employed at the University were incorrect, the expenditure units were warned and severance indemnity provisions were fully and accurately updated and accounted for.
Failure to Add Value Increasing Expenditures of Immovables Value of the Related Asset		X		Maintenance, repair, repair expenditures to be made in relation to the detected finding, value-increasing expenditures expenditure units have been warned to add the qualifying ones to the book value of the related tangible fixed asset instead of 630 Expenditure Account, and the expenditure units have been warned about the immovables. expenditures in the nature of repair, maintenance and repair, which are value increasing, are recognised in the carrying amount of the related property, plant and equipment. to the value of the value of value of the value of the value of the value of the value of the value of the value of the value of the value of the value.
Miscellaneous Produced and Sold in the Directorate of Agriculture and Livestock Research Centre of the University Failure to Receive the		X		Records are partially completed and Revolving Fund Financial Management By eliminating the defects in the system, the records be completed.

2. Evaluation of Performance Results

Year	2023				
Name of Programme	RESEARCH, AND INNOVATION				
Name of Sub Programme	RESEARCH INFRASTRUCTURES				
Sub Programme Objective	Establishing research infrastructures in higher education institutions and strengthening their capacities in order to contribute to increasing the knowledge accumulation and technological development of our country				
Sequence	**Indicator Name**	**Unit of Measure**	**Target (2023)**	**Year-end Realisation (2023)**	**Realisation Status (2023)**
1	Research infrastructure project completion rate	Ratio	100	90	Targeted value not reached

Year	2023				
Name of Programme	RESEARCH, AND INNOVATION				
Name of Sub Programme	RESEARCH AND DEVELOPMENT IN EDUCATION				
Sub Programme Objective	Increasing scientific studies for innovation in higher education institutions				
Sequence	**Indicator Name**	**Unit of Measure**	**Target (2023)**	**Year-end Realisation (2023)**	**Realisation Status (2023)**
1	Ratio of budget spent on R&D to total budget	Ratio	3	1,92	Targeted value not reached
2	Number of patents obtained for products resulting from R&D	Number	10	2	Targeted value not reached
3	R&D result Number of commercialised products	Number	0	2	Target value exceeded
4	Amount of income of research centres	TL	30.000.000	0	Targeted value not reached
5	Number of projects carried out by research centres with industry	Number	1	0	Targeted value not reached
6	Within the scope of BAP Number of research projects supported	Number	210	373	Target value exceeded
7	Number of R&D projects per academic staff	Number	0,21	0,3	Target value exceeded
8	Number of patent, utility model and industrial design applications	Number	2	27	Target value exceeded

9	R&D supported by national and international organisations number of projects	Number	32	82	Target value exceeded
10	Number of scientific publications in international indexes	Number	1100	1083	The targeted value was not reached.

Year	2023				
Name of Programme	LIFELONG LEARNING				
Name of Sub Programme	HIGHER ACTIVITIES				
Sub Programme Objective	Providing trainings to all segments of the society in the areas they need, contributing to the development of cooperation with public institutions and organisations, private sector and international organisations				
Queue.	Indicator Name	Unit of Measure	Target (2023)	Year-end Realisation (2023)	Realisation Status (2023)
1	Number of activities on social integration and inclusion for disadvantaged groups	Number	1	13	Target value exceeded.
2	Number of applicants to training programmes	Number	200	234	Target value exceeded.
3	Organised for graduates number of activities	Number	4	4	The targeted value has been reached.
4	Continuing Education Centre (SEM) and Language Centre (DİLMERprovide vocational training for the number of certificates	Number	4	4	The targeted value has been reached.
5	Number of completed social responsibility projects	Number	1	1	The targeted value has been reached.
6	Number of awards received by the university in the fields of environmentalism	Number	1	0	Targeted value could not be reached.

Year	2023				
Name of Programme	HIGHER EDUCATION				
Name of Sub Programme	GRANTS				
Sub Programme Objective	Training academicians who are competent, researcher, knowledge producer and transmitter				
Sequence	**Indicator Name**	**Unit of Measure**	**Target (2023)**	**Year-end Realisation (2023)**	**Realisation Status (2023)**
1	SCI, SCI-Expanded, SSCI and AHCI in the scope of Number of publications per academic staff in journals	Number	0,49	0,45	The targeted value was not reached.
2	Number of students benefiting from research scholarships	Number	20	5	The targeted value was not reached.
3	By the Council of Higher Education Number of PhD students benefiting from scholarships in priority fields	Number			
4	Foreign language qualifications abroad provided by YÖK Number of beneficiaries of scholarships for increasing the number of scholarships	Number			
5	Number of science, incentive and art awards from the Council of Higher Education, Turkish Academy of Sciences and TUBITAK	Number			

Year	2023				
Name of Programme	HIGHER EDUCATION				
Name of Sub Programme	ASSOCIATE , 'S AND POSTGRADUATE EDUCATION				
Sub Programme Objective	Training graduates with professional competence and open to development				
Sequence	**Indicator Name**	**Unit of Measure**	**Target (2023)**	**Year-end Realisation (2023)**	**Realisation Status (2023)**
1	Number of PhD graduates	Number	110	183	Target value exceeded.
2	Educational sciences quota occupancy rate	Ratio	100	100	The targeted value has been reached.
3	Completion rate of the training within the programme period	Ratio	100	95	The targeted value was not reached.

4	Science quota occupancy rate	Ratio	100	95	The targeted value was not reached.
5	Number of printed and electronic resources the library	Number	6600000	6483218	The targeted value was not reached.
6	Printed materials per student in the library and number of electronic resources	Number	156,08	153,31	The targeted value was not reached.
7	From the library Number of beneficiaries	Number	300.000	351.000	The targeted value was reached.
8	Postgraduate share of students in total students	Ratio	15	14,21	The targeted value was not reached.
9	Education area per student	Square Metre	1,8	5,7	Target value exceeded.
10	Closed area per student	Square Metre	13	5,43	The targeted value was not reached.
11	Benefiting from student exchange programmes proportion of students	Ratio	0,01	0,001	The targeted value was not reached.
12	Number of students per academic staff	Number	17	40	The targeted value was not reached.
13	Health sciences quota occupancy rate	Ratio	100	100	The targeted value has been reached.
14	Social sciences quota occupancy rate	Ratio	100	100	The targeted value has been reached.
15	Technopolis or Technology Transfer Office (TTO) Number of students participating in projects	Number	0	65	Target value exceeded.
16	International number of training programmes implemented jointly with institutions	Number	1	1	The targeted value has been reached.
17	Number of foreign language programmes	Number	1	2	Target value exceeded.
18	Foreign nationals number of academics	Number	8	8	The targeted value has been reached.
19	Number of foreign students	Number	2500	1984	The targeted value was not reached.

Sequence	Indicator Name	Unit of Measure	Target (2023)	Year-end Realisation (2023)	Realisation Status (2023)

- *Continuous data monitoring system should be completed.*

4. Evaluation of Performance Information System

        Although there is no separate data recording system for the performance programme in our university, the data needed are accessed through systems such as student information system, personnel information system, movable registration system, management information system, BAP automation, Mek-Sis and in line with the letters written to the units and the answers received. In addition, access to financial information is provided through the e-budget automation system within the Presidency of Strategy and Budget. Our university plans to establish a broad-based data recording system that will allow all data to be accessed from a single location.

IV- ASSESSMENT OF INSTITUTIONAL AND

A. Institutional Capacity Needs Not Foreseen in the Strategic Plan

According to the Regulation on the Procedures and Principles Regarding Strategic Plans, Performance Programmes and Annual Reports to be Prepared by Public Administrations, strategic plans can be updated for the remaining years of the plan period. The decision to update the strategic plan is taken with the approval of the senior manager at universities. The decision to update the strategic plan is submitted for the approval of the Presidency Strategy and Budget Directorate until the end of June at the latest, together with the justification and the issues to be updated. The Presidency transmits its decision regarding the update to the relevant public administration within 30 days. Updated strategic plans are put into effect as of January of the following year. The update request for the 2019-2023 Strategic Plan of our university was submitted to the Presidency, the Presidency decided to renew the plan and the 2023-2027 Strategic Plan of our University was prepared in line with the response received.

B. Advantages

✓ Having environmentally friendly campus areas and sufficient physical spaces

✓ Being a peaceful and reliable university in its region

✓ Presence of a strong corporate structure with a dynamic management

✓ Having preferred education and training programmes

✓ Strength in the fields of Medicine, Veterinary Medicine and Engineering

✓ Having a deep-rooted history that also forms institutional traditions

✓ Adequacy of academic staff in terms of number and quality in general

✓ Adequacy of undergraduate and graduate education in terms of diversity and quality

✓ The university has its own radio and television channels

✓ Strong library, IT and internet infrastructure

✓ The fact that the University Hospital is a regional hospital

✓ Oral and Dental Health Centre providing service to the region

✓ Having Technopolis and Technology Transfer Office

✓ Ongoing collaborations with Erasmus, Mevlana, Farabi, national and international institutions

✓ Presence of a senior management team that supports the search for quality in education and accreditation studies

✓ The presence of four graduate schools and the implementation of joint graduate programmes with other universities

✓ Having a modern animal hospital providing services according to animal species

C. Weaknesses

✓ Deficiencies in the Quality Management System

✓ Control System is not established at the desired level

✓ Failure to establish a system to ensure the collection of data from a single source

✓ Inadequate and ineffective support from alumni in fundraising, community interaction and activities for the benefit of the University

✓ Limited financial support (scholarships, part-time jobs) to increase the number of qualified international students

✓ Insufficient number of academic staff in some units

✓ Insufficient number and quality of technical and administrative staff

✓ Inadequacy of externally supported R&D project studies Lack of interdisciplinary research

D. Evaluation

In line with the framework drawn by the vision of our university and the requirements of the mission it has undertaken:

✓ To diversify and continue distance education programmes with infrastructure works in order to create interactive and distance education environments,

✓ To diversify and increase the activities of research and application centres that conduct research to understand and continuously improve the environment in which they are located by using scientific methods and techniques,

✓ To intensify foreign relations and internationalisation activities with the awareness of the importance of internationalisation,

✓ Many graduates have become managers or leaders in public or private organisations,

The region, which has a high potential for agriculture and animal husbandry, continues to utilise its opportunities.

V- MEASURES

- ✓ Opportunities to benefit from EU training/exchange programmes should be improved.

- ✓ Inexpensive research and new research opportunities should be utilised.

- ✓ The upward trend in R&D shares should continue.

- ✓ Studies should be carried out in parallel with the developments in seismicity and construction sector.

- ✓ Initiatives to provide physical infrastructure (buildings, rooms, classrooms, laboratories, etc.) should be prioritised.

- ✓ Joint studies should be carried out with universities in two neighbouring provinces close to our province.

- ✓ Since our province health centre in the region, it should be ensured that Fırat University Hospital reaches its full capacity.

- ✓ Opportunities to obtain support from TUBITAK, institutional projects and EU projects should be increased.

- ✓ Oral and Dental Health Centre should be developed.

- ✓ Turkey's EU accession process should be evaluated.

- ✓ Co-operation with national and international universities should be established.
  Studies on University-Industry co-operation should be supported

Declaration of Financial Services Unit Manager

DECLARATION OF THE MANAGER

Within my authority as the financial services unit manager;

I hereby declare that the necessary coordination is ensured in the establishment, implementation and development of the internal control system at Fırat University, training and guidance services are provided, activities are carried out in accordance with the financial management and control legislation and other legislation, internal control processes are operated to ensure that public resources are used effectively, economically and efficiently, implementation results are monitored and my opinions and suggestions for taking necessary measures are reported to the senior manager in a timely manner.

I hereby declare that I have provided the necessary information and counselling to the senior manager and expenditure authorities on the implementation of other legislation related to financial laws and regulations.

I confirm that the information in the "III/A- Financial Information" section of this Report is reliable, complete and accurate. (28.02.2024)

Göksel AKTAŞ

Head of Strategy Development Department

Statement of Control Assurance of the Senior Manager

STATEMENT

Within the framework of my duties and authorities as the senior manager, I hereby declare that the budget of Fırat University has been prepared and implemented in accordance with the development plan, annual programme, strategic plan and performance programme and service requirements, and that the resources allocated by the budget to achieve the objectives and targets and to fulfil the duties and services regulated by the relevant legislation are used in line with the planned objectives and in accordance with the principles of good financial management.

Within this framework, I hereby declare that the internal control system provides adequate and reasonable assurance that the administration's income, expenditure, assets and liabilities are managed effectively, economically and efficiently, that it operates in accordance with the laws and other regulations, that irregularities and corruption are prevented in all kinds of financial decisions and transactions, that regular, timely and reliable reports and information are obtained to make and monitor decisions, that misuse and waste of assets are prevented and that they are protected against losses.

This assurance is based on the information and assessments I have as the senior manager, management information systems, internal control system evaluation reports, monitoring and evaluation reports, assurance statements submitted by the expenditure authorities and the financial services unit manager, and audit reports. I declare that the information in this report is reliable, complete and accurate. (28.02.2024)
